As part of the School Choice Enhancement Program, schools are allocated \$100,000 to spend on custom improvements to their campuses and curriculums.

FEATURED FINISH SUNSET LAKES ELEMENTARY SCHOOL

Sunset Lakes Elementary School is closing out its SMART Program renovations, with all construction on campus having reached the finish line. Among the various improvements to its facilities is a brand new roof, with the old roofing system having been demolished and replaced. To enhance air quality at the school, two chilled water pumps were replaced for the administrative offices, Media Center, cafeteria, and classrooms in Building 1, and a new chiller was installed to serve classrooms in Building 4.

PIPER HIGH SCHOOL

Work on the Piper High School campus is active with chemistry lab renovations, roofing improvements, and a chiller water line installation.

DAVIE ELEMENTARY SCHOOL

While roofing repairs and underground piping are taking place outside, HVAC improvements are underway in the school's interior.

BLANCHE ELY HIGH SCHOOL

New fans and an ADA lift have been installed in the gymnasium, while improvements continue on the roof.

The School District thanks the SMART Team and our contractors who have remained hard at work on our school campuses during COVID-19. As we remain committed to providing students and staff with enhanced learning environments, health and safety remain essential. Guidelines provided by the Centers for Disease Control and Prevention and other health professionals are in place as we work towards a SMART Future under the safest possible conditions. We appreciate the continued support of the community during this challenging time.
