COMPLETE

**10**  
IMPLEMENTATION

**3**  
PLANNING/DESIGN

As part of the School Choice Enhancement Program, schools are allocated \$100,000 to spend on custom improvements to their campuses and curriculums.

### SPOTLIGHT ON SCEP

#### HOLLYWOOD PARK ELEMENTARY SCHOOL

Hollywood Park Elementary School has completed the School Choice Enhancement Program, with all items purchased with its \$100,000 budget benefiting its campus and curriculum. Among the selected upgrades is a cafeteria projector, laptops, audio equipment and playground upgrades. The playground has a new slide, a rock climbing structure and a rubber surface for safety. The projector and audio equipment are in the cafeteria, to be used for meetings, events, and assemblies. The new laptops will be essential in and out of the classroom as many students continue to navigate distance learning.

## FEATURED PRIMARY RENOVATIONS

### GULFSTREAM ACADEMY OF HALLANDALE BEACH K-8

With Media Center renovations complete and Building 9 repainted, the ongoing chiller room upgrades are now the main focus of the work on campus.

### COLBERT MUSEUM MAGNET

With lighting installation complete and fire alarm components on their way, roofing is all that remains for the renovations at Colbert Museum Magnet. Roofers are actively moving across campus, gutting old roofing systems to prep for replacements.

### HOLLYWOOD CENTRAL ELEMENTARY SCHOOL

The existing roof at Hollywood Central Elementary has been demolished and a temporary roof has been installed as repairs continue.

### HOLLYWOOD HILLS HIGH SCHOOL

The Hollywood Hills High Media Center is complete with new carpet, shelving, and furniture. Other completed improvements on campus include the installation of fire sprinklers and a chilled water system, while roofing repairs remain in progress.

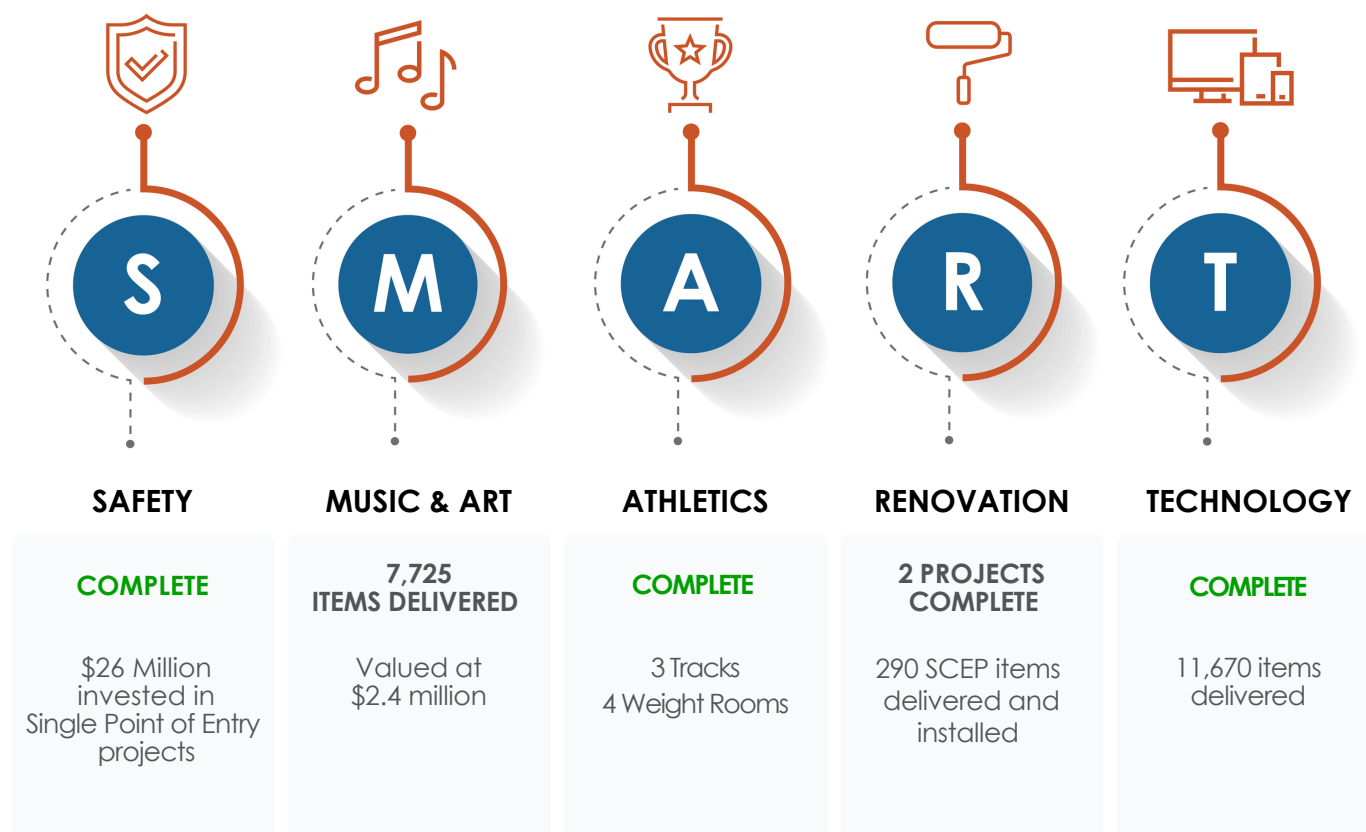

### OAKRIDGE ELEMENTARY SCHOOL

The kitchen at Oakridge Elementary has been gutted in preparation for renovations and the installation of a new AC unit. Furniture for the newly renovated Media Center has arrived and books are ready to go back on the shelves.

The School District thanks the SMART Team and our contractors who have remained hard at work on our school campuses during COVID-19. As we remain committed to providing students and staff with enhanced learning environments, health and safety remain essential. Guidelines provided by the Centers for Disease Control and Prevention and other health professionals are in place as we work towards a SMART Future under the safest possible conditions. We appreciate the continued support of the community during this challenging time.
