SPOTLIGHT ON SCEP:
CHAPEL TRAIL ELEMENTARY SCHOOL

The shade covering the bus loop at Chapel Trail Elementary is guaranteed to be a hit with students upon their return to campus.

Built to protect students from direct sunlight and/or rain as they wait for their school bus to arrive, the umbrella-like structure is also long-lasting and durable.

OTHER ITEMS PURCHASED INCLUDE:

Laptops, stage curtains and playground shade structure.

FEATURED PRIMARY RENOVATIONS

HAWKES BLUFF ELEMENTARY SCHOOL

Chillers, air handling units and air ducts have all been installed at Hawkes Bluff Elementary School. Roofing work on several buildings is up next as contractors prepare for other renovations.

SEA CASTLE ELEMENTARY SCHOOL

Contractors are currently working on HVAC improvements and electrical wiring for the fire alarm system, in addition to installing a wheelchair lift for students with disabilities.

SILVER LAKES ELEMENTARY SCHOOL

Roofing work on the main building is finished, with the roof being completely replaced. Only a few final touches for the remainder of Silver Lakes Elementary's Primary Renovations need to be made before moving on to Closeout.

## SUNSET LAKES ELEMENTARY SCHOOL

Multitasking at its best! In addition to the roofing work that's in progress, HVAC improvements are also being made across campus.

In the midst of Covid-19, we would like to thank our SMART Team and our contractors who have remained hard at work on our school campuses. Though we remain committed to providing BCPS students and staff with enhanced learning environments, the health and safety of our team is essential. All guidelines provided by the CDC and other health professionals are currently in place to ensure that we can continue to strive for a SMART Future under the safest possible conditions. We appreciate the support of the community as we aim to follow through with our commitments during this uncertain time.
