

# **MUNICIPAL REPORT**

For The Quarter Ending September 30, 2020 | FY21-Q1

### **PREFACE**

We are pleased to present the updated Broward County Public Schools (BCPS) **School Spotlight** editions specifically designed for city administrators, city commissioners, council-representatives and Broward County School Board Members.

The School Spotlight is a quarterly report that details the progress of facilities projects at each of the 232 schools participating in the SMART Bond Program. This "City Edition" of The School Spotlight provides a municipal breakdown of all approved renovation projects, projected costs, School Choice Enhancement Program initiatives and other ongoing or scheduled SMART Program projects.

These easy-to-read School Spotlights allow board members and city officials to better follow the progress of the facilities improvements within specific municipalities. The Spotlights will be updated every quarter to help city officials and school board members share timely information with business groups, community organizations, homeowners' associations and other key constituents as ongoing SMART Program projects continue to progress.

**SMART** (Safety, Music & Art, Multics, Renovation and Technology) is the \$800 million capital improvement program to upgrade existing school facilities and to purchase new computer technology, athletic equipment and musical instruments to enhance the learning experience of Broward County students.

#### **COMMENTS:**

Original contractual date of substantial completion is 7/29/2019. Reason: Delays occurred in Design, and Bid and Award that were not regained during construction. A change order is forthcoming to provide the contractor a time extension. Delays in construction were due to fire alarm scope changes required to comply with the new fire alarm requirements. These delays were not the contractor's fault. Update: Fire Alarm Panel training is required for PPO and revisions to the construction documents are required prior to A/C installation in the electrical room.

#### **COMMENTS:**

Reason: Delays have occurred in the permitting phase of the design process. The design firm took four months to submit to the permit process after the 100% Construction Document review. Remedy: The owner will be enforcing terms of the contract for delays and multiple resubmissions. The project has received a Letter of Recommendation to Permit. The delays during the design phase are not forecasted to be recovered. Budget: Additional funding of \$4,709,000 was approved by the Board on 9/15/2020 in conjunction with the approval of the GMP Amendment of the CM contract.

Reason: Delays have occurred during the design phase. The design firm required two submissions of the 90% Construction Documents in order to proceed. Additionally, the project was delayed due to staffing changes by the design firm, and scope clarification to receive design approval from the new Fire Chief. Remedy: The reasons for delays are no longer affecting the project schedule. The project is in permitting review.
