

MUNICIPAL REPORT

For The Quarter Ending September 30, 2020 | FY21-Q1

PREFACE

We are pleased to present the Broward County Public Schools (BCPS) **School Spotlights** specifically designed for our School Board Members serving in county-wide school districts.

SMART (Safety, Music & Art, Athletics, Renovation and Technology) is the \$800 million capital improvement program to upgrade existing school facilities and to purchase new computer technology, athletic equipment and musical instruments to enhance the learning experience of Broward County students.

The **School Spotlight** is a quarterly report that details the progress of facilities projects at each of the 232 schools participating in the *SMART Bond Program*. This District Board Member edition provides a school-district breakdown of all approved renovation projects, projected costs, School Choice Enhancement Program initiatives and other ongoing or scheduled SMART Program projects.

These easy-to-read School Spotlights allow board members to better follow the progress of the facilities improvements within their specific school districts. The Spotlights will be updated every quarter to help board members share timely information with parents, students, school staff, volunteers, business groups, community organizations and other stakeholders as the projects progress.

COMMENTS:

Reason: Delays occurred during Bid and Award. The CM firm received bids which are over the \$2,000,000 threshold for continuing contracts. Remedy: The Board rejected the separation of the Fire Alarm scope of work. Due to the additional cost for design services to change the delivery method to advertise for bids, negotiations with the CM firm have been completed. Budget: Additional funding of \$678,300 was approved by the Board on 7/21/2020 in conjunction with the approval of the CM Firm proposal.

FLAG KEY: S=Schedule B= Budget

S=Schedule: reflects an inability to meet the planned milestone date for progressing to the next phase in the process.
