#### FLAG: S - Project Delayed

#### **COMMENTS:**

Reason: Delays have occurred in the permitting process of the design phase. The design firm had taken an average of two months to submit each of the first two design drawing sets and the fifth set for review by the Building Department. The design firm took three months to submit the fourth revision. Remedy: The owner will be enforcing terms of the contract for delays and multiple resubmissions. The project has received a Letter of Recommendation to Permit. Delays from the design phase are not forecasted to be recovered.
