MUNICIPAL REPORT

For The Quarter Ending
December 31, 2020 | FY21-Q2

Established 1915

BROWARD
County Public Schools

PREFACE

We are pleased to present the updated Broward County Public Schools (BCPS) **School Spotlight** editions specifically designed for city administrators, city commissioners, council-representatives and Broward County School Board Members.

The School Spotlight is a quarterly report that details the progress of facilities projects at each of the 232 schools participating in the SMART Bond Program. This “City Edition” of The School Spotlight provides a municipal breakdown of all approved renovation projects, projected costs, School Choice Enhancement Program initiatives and other ongoing or scheduled SMART Program projects.

These easy-to-read School Spotlights allow board members and city officials to better follow the progress of the facilities improvements within specific municipalities. The Spotlights will be updated every quarter to help city officials and school board members share timely information with business groups, community organizations, homeowners’ associations and other key constituents as ongoing SMART Program projects continue to progress.

SMART (**S**afety, **M**usic & **A**rt, **A**thletics, **R**enovation and **T**echnology) is the **\$800 million capital improvement** program to upgrade existing school facilities and to purchase new computer technology, athletic equipment and musical instruments to enhance the learning experience of Broward County students.
