PREFACE

Broward County Public Schools (the District) is pleased to present the latest **Bond Oversight Committee Report for the quarter ending December 31, 2020**. We invite you to explore the pages that follow for an overview and accompanying details of the progress being made on the **SMART Program** (**S**afety, **M**usic & **A**rt, **A**thletics, **R**enovation and **T**echnology).

This report is the latest quarterly document prepared for the Bond Oversight Committee (BOC), which was established shortly after the start of the SMART Program to provide independent, external oversight to the Broward County Public School's improvements in the SMART Program.

The BOC report is prepared on a quarterly basis to provide a progress report of the \$800 million bond and how the funds are working towards making much needed improvements to 232 district schools. **The goal of the report is to promote transparency and accountability** as this monumental initiative delivers on the District's commitment to improve the learning environment in schools districtwide.

The following pages offer an **Introduction section** with a high-level overview of the progress made this past quarter. The Introduction is then followed by a **detailed report of each of the key components of the SMART Program**, a **fiscal report from the Capital Budget** department, and a **glossary** of SMART acronyms and terminology is also included to help readers better understand the information provided.

The quarterly report features the School Spotlights which provide a progress report on construction at each of the 232 schools in the SMART Program. These school spotlights and other current Program information are featured on the new SMART website at:

<https://bcpsmartfutures.com/>

You can also access earlier quarterly reports by visiting the BOC website at:

<http://www.broward.k12.fl.us/boc/>

Thank you for your interest in the Broward County Public Schools SMART Program!

The SMART Glossary

THE SMART GLOSSARY

Adopted District Educational Facilities Plan (ADEFP) – The District's five-year funding plan for capital improvements, adopted by the School Board each year.

ATP – Authorization to Proceed with design services.

BCPS – Broward County Public Schools.

BOC – The Bond Oversight Committee is an independent panel that oversees the SMART Initiative through the review of project expenditures and quarterly reports, and by facilitating public input through regularly scheduled hearings.

Basic Equipment List – A document showing the minimum type and quantity of musical equipment that schools should possess to offer core music courses.

Building Envelope – SMART projects pertaining to work on a building's exterior, roofs, walls and windows.

Building Replacement – Requires additional analysis by the Design Professional to determine if a building is in a condition that would warrant replacement or if the building is sufficiently structurally sound that would make improvements appropriate.

CMAR – Construction Manager at Risk is a contractor that provides pre-construction services, cost estimates, construction management and other related services. Hiring the contractors at this early stage in the design process is a valuable step to ensure a seamless and faster transition from designing to implementing improvements.

CSMP – Construction Services Minor Projects are open-end agreements to expedite single construction projects that are valued at \$2 million or less with some CSMP services allowed up to \$4 million. The CSMP limits are set by School Board Approval of the CSMP contracts.

Capital Outlay Tax Rate – Money raised from local taxpayers to spend on either the purchase of a fixed asset or to extend its useful life.

Capital Projects – Construction, renovations or replacement to improve or maintain an existing asset of the School District.

Commitment – A project obligation, such as a purchase order or requisition.

Current Budget – Current approved budget including any School Board approved changes that impacted the Original Budget.

DHCP – Dynamic Host Configuration Protocol is a way to assign dynamic IP addresses to devices in a network.

THE SMART GLOSSARY continued

DNS – Domain Name Systems is the way Internet domain names and addresses are tracked and regulated.

DR Storage – Disaster Recovery Storage is a backup system used to store and retrieve computer files and data.

Design Phase – The third (3) phase of the six-phased process in which drawings and plans are developed for eventual implementation by contractors and vendors.

Design Professionals – A term referring to architects, engineers, interior designers and landscape architects whose application of appropriate design services require licensing or state registration.

Digital Instructional Resources – Instructional materials that are conveyed by way of digital media, including, digital textbooks, applets and applications, and online supplementary resources.

Disparity Study – A type of market analysis to determine if a statistical difference exists between the number or types of companies available to participate in the bid for contracts versus those firms that actually obtain those contracts.

District Educational Facilities Plan (DEFP) – A 5-year budget planning document.

Financially Active Project – A project with existing commitments or expenses.

FY– An abbreviation for funding year in which funds are released to initiate project planning and implementation

Forecast – Forecast dates may fluctuate periodically to reflect actual or unforeseen dynamics that arise as the projects move through each phase. As these unexpected dynamics may impact the originally “planned” schedule dates, forecast dates will be updated accordingly to communicate the most up to date schedule milestone dates.

Gap Analysis – Measurement of areas of greatest need for each school to determine whether schools are operating within music instruction’s minimum standards.

HVAC – Heating, ventilation and air conditioning.

GMP – A Guaranteed Maximum Price is negotiated to set a price ceiling for fees and cost incurred.

THE SMART GLOSSARY continued

GOB – The 2014 General Obligation Bond was approved by Broward County voters and pays for renovation projects and technology for District-owned schools and charter schools.

I&T – The School District's Information and Technology Department is responsible for designing, implementing and managing information technology solutions that improve student achievement and operational efficiency.

IPAM – Internet Protocol Address Management is a means of planning, tracking and managing the Internet Protocol address space used in a network.

IT – Information Technology refers to anything related to computer technology, such as networking, hardware, software, the Internet or the people working with those technologies.

ITB – Invitation to Bid is a process similar to a Request for Quotations (RFQs) in which contractors, suppliers and vendors are invited to bid to provide the School District with specific products or services.

Implementation Phase – The fifth of the six-phase SMART Initiative process in which contractors or vendors begin work on SMART projects.

Improvements – SMART projects involving construction or renovations that have a life cycle of more than five years.

Load Balancing System – A network that improves the distribution of workloads across multiple computing resources, such as computers, central processing units, disk drives and other network links.

LOR – Letter of Recommendation to issue permit from the Building Department, thus completing the design phase.

MWBE – A government designation for Minority and Women-Owned Business Enterprises.

NGFW – Next Generation Firewall is either a hardware or software-based network security system that is able to detect and block sophisticated attacks by enforcing security policies at the application, port and protocol levels.

Network Security Perimeter Defense – A firewall used to prevent attacks on a computer network.

Non-GOB Funding– Money for School District capital improvement projects that come from other budget sources outside of the 2014 General Obligation Bond.

THE SMART GLOSSARY continued

NTP - Notice to Proceed is a letter from owner or project manager to a contractor stating the date work can begin according to conditions of the contract.

OF&C – The Office of Facilities and Construction oversees all construction and renovation projects in the School District, including those in the SMART Initiative.

Original Budget – Budget approved at the May 19, 2015 school board meeting that established the SMART Program's 5-year budgets.

PCM – Project Charter Meetings are informational sessions where school district officials and project architects explain the scope, schedule and objectives of SMART projects to the parents, students, volunteers and local public officials who make up a school's community.

PPO – The Physical Plant Operations Department responds to routine and emergency requests to repair and maintain District assets. PPO is responsible for various infrastructure work, including air conditioning, carpentry, electrical, plumbing to provide a safe learning environment for Broward County school students.

PSA – Professional Services Agreements are contracts between the District and consultants, design professionals or vendors to complete work during a specific time period.

Phase – One of six steps in the process of developing a project from initial planning to final quality assurance inspection one construction is completed.

Professional Design Services – See Design Professionals

Project – The undertaking to improve school infrastructure, technology or to provide equipment under provisions of the SMART Initiative.

Project Scope – The part of planning that involves determining and documenting a list of specific project costs, goals, deadlines and tasks to assure that results are achieved to make sure the project is successfully completed.

QSEC – The Qualification Selection Evaluation Committee is the School District's independent panel that evaluates and ranks proposals.

RFQ – Request for Qualifications is a process that solicits contractors, suppliers and vendors to bid to provide specific products or services to the District.

SAC – School Advisory Councils are committees of volunteers who assist principals and other school administrators in the preparation and evaluation of the school's improvement plan.

THE SMART GLOSSARY continued

SBBC – School Board of Broward County.

SCEP – The School Choice Enhancement Program allows every District-owned school in the SMART Initiative to determine how to spend \$100,000 on smaller capital projects to improve the condition of an instructional space or educational environment.

SDOP – The Supplier Diversity Outreach Program remains a key part of the School District's efforts to ensure that small, minority-owned and women-owned businesses are represented as consultants, contractors, designers and vendors in the SMART Initiative.

SMART – Safety, Music & Art, Athletics, Renovations and Technology (SMART), which is the ongoing capital improvement program to address infrastructure and equipment needs of the Broward County Public Schools.

SMART Program Years – Years 1 through 5 refer to the year that funding is identified for SMART Program projects. As identified and approved in the 2014 needs assessment.

SMART Website – District website that lists completed and ongoing SMART projects. The link is <https://bcpssmartfutures.com/>

S/M/WBE – A government designation for Small/Minority/Women Business Enterprise.

SPE – Single Point of Entry is a SMART security project that uses fencing, gates and other structures to create a primary means of access onto a school campus.

School Community – The parents, students, school staff and volunteers and local elected officials who make up the constituency an individual school serves.

Introduction

INTRODUCTION

During the months of **October through December 2020**, the School Board of Broward County (The District) has made notable progress in all areas of the SMART Program (**S**afety, **M**usic & **A**rt, **A**thletics, **R**enovation and **T**echnology). The SMART Program expenditures are bringing new computers, musical equipment and better facilities to the Broward County Public Schools.

What follows in this introduction section is a **summary showing the progress being made in each key area of the SMART Program**. Supporting details can be found in the subsequent sections of this Bond Oversight Committee Report for the quarter ending September 30, 2020.

This Quarter's SMART Program expenditures were **\$57.2 million**. This is the **highest quarterly expenditure amount during the entire SMART Program**. The total expenditures for the SMART Program are over \$535 million. Both of these statistics are evidence that the construction portion of the SMART Program is moving at a good pace and shows how much progress is being made.

During the next quarter, the District will have fully spent the General Obligation Bond proceeds from the first two tranches of bonds and will have issued the third series of bonds for approximately **\$275 million of additional proceeds ensuring funds are available as more projects move into construction**.

Technology SBBC Schools: COMPLETE

As of September 30, 2020, the SMART technology deployment is fully completed for all 230 schools. All work has been completed for the three (3) Project Scopes identified in the SMART Program:

- 83,362 computing devices were delivered to 209 schools.
- **Computer Gap:** Many schools exceeded the goal of 3.5:1 student to computer ratio, bringing the district to a 2:1 average student to computer ratio.
- **Infrastructure Upgrade** Completed for all Schools
- **Wireless/Cat6 Upgrade** 13,166 Wireless Access Points were installed, in addition to installing 12,738 CAT6 Wiring drops.

This Project was completed with a Savings of \$10.3 million to the district.

Technology Charter Schools: COMPLETE

The development of charter school technology is completed for the 67 eligible schools as more than 11,314 computing devices have been ordered and installed.

Music and Art Equipment:

Applied Learning is working to reach completion of all music, art and theater equipment orders, deliveries and installation.

At the close of this quarter

- **Music Instruments - 99% complete**
 - 60,075 musical instruments of the 60,076 ordered have been delivered to schools.
- **Kilns - 100% complete**
 - 136 of the 136 kilns ordered have been delivered to schools. Two kilns are remaining to be installed at one site due to design needs stemming from a necessary relocation of the kilns.
- **Theater – 97.4% complete**
 - 38 of the 39 schools with theater programs have received and has had their lighting, sound and/or stage equipment installed. The remaining school needs extensive wiring for installation which we are currently addressing.

Broward County Public School students will benefit from this investment far into the future.

Athletics:

The SMART Program Athletics initiatives have reached a significant moment, with all but one project having reached official completion.

15

All SMART athletic track projects

(15 tracks – 3 middle schools and 12 high schools) have been complete as of September 30, 2018.

29

The **29 out of 30 High Schools** have completed all weight rooms upgrades.

1

The Northeast High School weight room **is the only remaining weight room** that is pending upgrades.

Facilities

Moving forward, Facilities data will be reported individually for Primary Renovations & School Choice Enhancement Projects (SCEP).

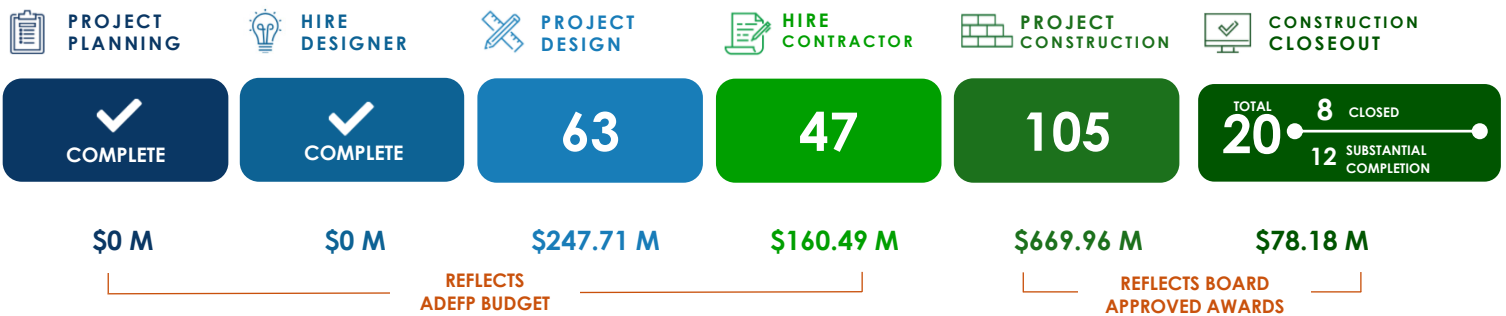

PRIMARY RENOVATIONS

AECOM, serving its first quarter as the sole Program Manager Owner's Representative (PMOR), has revisited the program scheduling, data reporting methods, and market capacity with investigations culminating in the State of the SMART Program assessment presented to School Board Members at the December 17, 2020 SBBC Workshop.

The spotlight data will now reflect the 2020 schedule rest.

Included below is a snapshot of key highlights for the **Primary Renovation** and **School Choice Enhancement** projects covered within this report.

PRIMARY RENOVATIONS AS OF DECEMBER 31, 2020

0	0	58	59	92	18
COMPARISON OF DATA REPORTED LAST QUARTER: SEPTEMBER 30, 2020					

Disclaimer: Some schools have multiple Primary Renovations projects in different phases.

Facilities

SINGLE POINT OF ENTRY SUMMARY AS OF DECEMBER 31, 2020

ALL SINGLE POINT OF ENTRY PROJECTS ARE COMPLETE

SCHOOL CHOICE ENHANCEMENT PROJECTS (SCEP)

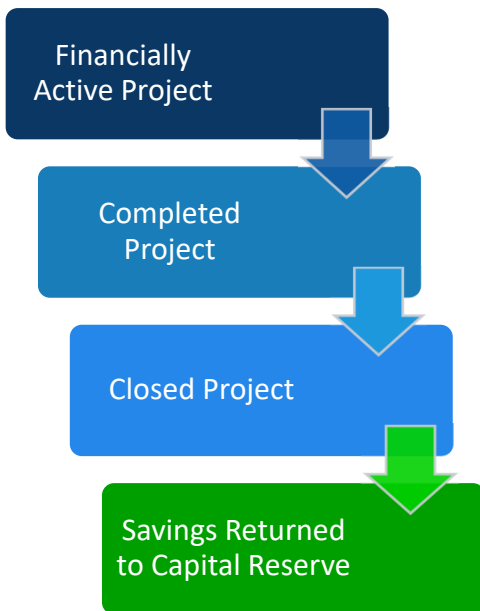

With all SCEP projects now active or complete, schools across the District are beginning to make the most of their upgrades.

Budget Activity

The FY21 Q2 report includes **financial details for all the projects in the SMART Program**. As SMART Program projects are being completed these projects are highlighted in the Completed and Meets Standard - Budget Activity Report. The remaining balance for all the Completed and Meets Standard Projects will be held until the School Board approves how the funds will be re-prioritized for other SMART Program Needs. There may be some additional financial activity on these projects as the final payments are made and all the purchase orders are closed-out.

The financial life-cycle of a project starts when the project is **financially active**.

At the end of the implement improvements phase projects are marked as **complete**. These projects are in their final inspection for quality assurance, between substantial and final completion, which includes verification that the scope is completed according to approved specifications, final submittals of documents and closing out the vendor contract.

When all of the close-out steps are completed, final payments have been submitted to vendors, and all purchase orders have been reviewed and closed the project is **closed**.

After the project is closed, remaining funds are reported to the School Board and **returned to the District's Capital Reserve**.

SMART Program Budget By Program Year

Years 1-5	\$750.9 M
Year 6	\$442.5 M
Year 7	\$96.3 M
Year 8	\$14.3 M
Total SMART Program	\$1,304.0 M *

The Budget Activity Report includes financial details on all program years.

* Includes School Board approved project budget amendments

Budget Activity

IMPACTS FROM COVID-19 are not fully known at this time. The initial impact on the SMART Program has been that construction projects do not have to schedule around active campuses full of students and staff; the pace of construction and the associated expenditures has been good. **Additionally, construction bids have benefitted as other markets for construction are scaling back.** The District will continue monitoring the construction market's reaction to the economic changes related to the country's reaction to COVID-19.

SMART RESERVE AND THE RISK ASSESSMENT

In reaction to the increased SMART Program cost expectations **the District previously committed to set aside \$225 million** in funding to mitigate potential funding risks in the SMART Program. At the March 31, 2020 School Board Meeting, **the District authorized the issuance of \$250 million Certificates of Participation (COPs), Series 2020A.** The 2020A COPs issuance provides the additional supplemental funding for SMART Program cost expectations associated with the August 2019 SMART Program Risk Assessment/Market Conditions report from Atkins North America, Inc. (Atkins). \$211 of the \$250 million was placed into the SMART reserve.

ADDITIONAL ALLOCATIONS INTO THE SMART PROGRAM REQUIRE THE SCHOOL BOARD'S APPROVAL and all future amounts are subject to change based on economic conditions and the results of annual legislative action. It is also important to note there are other capital outlay needs to consider when deciding how to allocate future funding.

At the July 21, 2020 School Board meeting, **the District approved a new Project Management Owner's Representative (PMOR) contract.** The additional financial impact of this new contract is \$47.2 million. The Board approved funding for this impact from the District's capital budget unallocated reserve. This funding is included in the Adopted DEFP approved on September 1, 2020.

Budget Activity

THE DISTRICT COMMITTED TO SET ASIDE \$225 MILLION in funding to mitigate potential funding risks in the SMART Program and added another **\$211 Million with the COPs Series 2020A**

SMART Program Reserve

ADEFP FY18 District Educational Facilities Plan Appropriations (in thousands)							
	Carryover FY 2017	FY 2018	FY 2019	FY 2020	FY 2021	FY 2022	Total
Appropriations							
COPs Debt Service *	\$ 0	\$ 146,881	\$ 160,078	\$ 166,068	\$ 166,792	\$ 170,018	\$ 813,437
Equipment & Building Leases	0	17,119	14,513	11,430	11,442	16,796	71,300
Facilities / Capital Salaries	0	15,200	15,200	15,200	15,200	15,200	76,000
Quality Assurance	0	170	170	170	170	170	860
Maintenance	594	66,000	64,000	64,000	64,000	64,000	322,594
Facility Projects	22,750	7,300	0	0	0	0	30,050
SMART Program	537,874	138,888	178,882	0	0	0	855,444
SMART Program Reserve	71,042	658	18,354	59,839	69,807	0	219,700
Charter Schools - State PECO	0	8,319	8,319	8,319	8,319	8,319	41,596
Charter Schools - Local Millage	0	12,711	13,865	16,211	19,824	24,067	86,676
District Priorities	38,448	22,339	0	0	0	0	60,786

	Carryover FY 2017	FY 2018	FY 2019	FY 2020	FY 2021	FY 2022	Total
SMART Program Reserve	71,042	658	18,354	59,839	69,807	0	219,700

(in thousands of \$)

\$219 million in the SMART Reserve
 6 million added for additional single point of entry projects
 211 million COPs Series 2020A
 + 47 million PMOR Allocation (July 21, 2020 Board approval)
\$483 million **Total SMART Program Reserve**

July 2020 risk assessment provided by Atkins is \$462 million at the 70% risk level.

Due to Approved Board items thru the end of FY21 Q1 **the SMART Reserve balance is currently \$169.8 million.**

FY21 Beginning Balance \$ 155.4
 FY21-FY23 New PMOR Funding 47.2
FY21 Board Items (47.5)
Total \$ 155.1

Budget Activity

The District is continuing to make significant progress toward implementing all the SMART Program projects. Every month more projects are moving into the financially active category, and the expenditures continue to increase as more projects are moving through the design phases, entering construction, and payments are being made to contractors. Additionally, there is only \$2 million of the \$1.3 billion program that does not have some financial activity. These Remaining Projects are all School Choice Enhancement Projects that will be underway soon.

The following charts demonstrates the financial progress made in the SMART Program through the end of the second quarter of fiscal year 2021.

INTRODUCTION

The Economic Development & Diversity Compliance Department (EDDC), through the Supplier Diversity Outreach Program (SDOP), promotes inclusion and economic growth in support of the local small business community. With a focus on Support Services for All, the **EDDC mission is to grow the economic base for the benefit of students and the business community.** This is achieved through the following program components:

OUTREACH

- Business Consultation; Targeted Outreach; One-on-One Technical Assistance; Business Referrals
- Disseminates courtesy emails of active solicitations

CERTIFICATION

- E/S/M/WBE Recruitment; Business Development; Community Connections; Site Visits
- Increases the visibility of local firms to prospective customers through certification
- Assists certified firms to gain access to District Business opportunities
- Provides options for business growth through Certification

COMPLIANCE

- Evaluates solicitations for the applicability of Affirmative Procurement Initiatives (APIs)
- Participation in Pre-bid and Outreach Meetings
- Evaluation of RFQs, RFPs and Hard Bids; Prime Performance Evaluation
- Compliance Reviews for SMART and Non-SMART Projects
- Monitors and tracks procurement activities for E/S/M/WBE engagement, utilization, and awards
- Performs site visits
- Facilitates mediations between primes and sub-contractors

SDOP PROGRAM METRICS FY'21 Q2

Reporting Period October 1, 2020 – December 31, 2020

1. E/S/M/WBE CERTIFICATION PROGRAM ACTIVITY

New Certifications	17
Tri-County Reciprocal Certifications	17
Renewals	34
Denials	31
Total # of Certification Activities	99

Total # of E/S/M/WBE Certified Firms: 553

2. SDOP TARGETED MARKETING REPORT

# of Solicitation Notifications Campaign	12
Total # of Marketing Campaigns	32
Average Email Open Rate	34.94%
One-on-One Technical Assistance Provided	62
Internal/External Community Meetings	13

**E/S/M/WBE firms may be listed as a prime or subcontractor in District solicitations*

3. SMART BOND M/WBE CONTRACT COMPLIANCE*

Total RFP/RFQ/ITB Solicitations Evaluated	33
Total # of Prime Submittals Evaluated	113
Total # of Approved Contracts	9

**Contract Compliance total is related solely to Design and Construction Contracts*

4. SMART PROJECTS M/WBE COMMITMENT BY ETHNICITY & GENDER

Amount of Total Contracts	\$29,074,010
Amount of M/WBE Commitment	\$11,829,965
Percentage of M/WBE Commitment	41%

5. SMART BOND S/M/WBE CUMULATIVE SPEND*

Amount of S/M/WBE Spend	\$253,017,798
Percentage of S/M/WBE Prime Utilization	29%

**Cumulative Spend is based on the value of Purchase Orders issued to E/S/M/WBE primes per SMART Category*

Communications

As of the quarter ending December 31, 2020, the Communications team has continued to utilize a number of digital resources to deliver SMART Program messaging to the public, including:

- ▶ SMART Futures Website
- ▶ Video Presentation
- ▶ Virtual Community Meetings
- ▶ Dynamic Explainer Videos
- ▶ Social Media Posts
- ▶ Photo Galleries
- ▶ Drone Footage
- ▶ Approval Letters
- ▶ School Specific Updates
- ▶ Construction Highlights

Technology SBBC Schools

Phillip H. Dunn II, Chief Information Officer

Bond Oversight Committee SMART Technology Quarterly Update SBBC Schools

As of the First Quarter of FY 2018 (month ended September 30, 2017) **the SMART technology deployment is completed for all 230 SBBC schools.** For more detailed information on the SMART Program SBBC school technology you can visit the Bond Oversight Committee website and review the FY18 Q1 report.

http://www.broward.k12.fl.us/boc/QuarterlyReports/FY18_Q1BOCReport.pdf

SMART Core Infrastructure Upgrades BOC FY2020-2021 – 2ND QTR Ended 12-31-2020

Since the initiation of the SMART project, Technical Support Services has undertaken work in five areas of core infrastructure operation. These areas include the replacement and/or implementation of systems that provide improved network security perimeter defense and traffic management, load balancing of Internet and internal network traffic, IP address management and Domain Name Systems (DNS) operations, core network capacity and speed, and back-up and recovery. In every case, the work done was driven by greatly increased demand for network capacity and reliability that results from the:

- shift from print to digital instructional resources – including increased use of “rich media” (video, audio, advanced graphics, animation, interactivity)
- increased reliance on online assessments
- move toward personalization of instruction: more modern computers and the move toward to 1:1 computing
- increasing use of cloud-based resources (Office 365, Canvas, etc.)
- heightened concern for IT security and privacy protection
- enhancements to business continuity and disaster recovery solutions

The impact of the dynamics noted above can be seen in the fact that in the District's demand for Internet bandwidth is four times the 2013 level, the number of wirelessly connected devices has doubled over the same period, and the District's network now provides connectivity to over 235,000 unique devices each day (including all of the District's wired and wireless computers, printers, VoIP phones, and BYOD devices in the hands of staff and students). **As of 12/31/20 total Core Infrastructure Project has been completed with a spend of \$10,999,991.**

<u>Project</u>	<u>Description</u>	<u>SMART Encumbrance / Expenditure</u>
Perimeter Defense and Traffic Management	Funds were spent to implement a new “Next Generation Firewall” (NGFW) at the District's Internet perimeter. As a part of that project, the previous system was repositioned to serve as an internal firewall between the Data Center (and its critical systems) and the rest of the District's internal network. The Next Generation Firewall, in addition to securing the perimeter, provides content filtering, applications control, and traffic analysis and reporting; all at vastly increased speeds and capacity levels.	\$1,519,323 Project Status: Complete

<u>Project</u>	<u>Description</u>	<u>SMART Encumbrance / Expenditure</u>
Load Balancing Systems	Funds were spent on systems that manage and balance the traffic pattern and load distribution of the District's two connections to the Internet at higher speeds and with greater capacity. This project included as a part of its design strategy the load balancing of the District's web-based application services.	\$564,591 Project Status: Complete
Load Balancing Systems	Application specific Load Balancing System and version upgrade.	\$31,497 Project Status: Complete
Core Network Services	Expenditures were made to improve advanced network services including DNS, DHCP & IPAM. Expenditures in this area were done to improve the reliability of critical network system services and speed while further enhancing IP security and reporting.	\$905,556 Project Status: Complete
Core Network Speed and Capacity	Investments were made in the network switching fabric of the network core and the District's Data Center. In addition to providing increased speed and capacity, the new network infrastructure supports the implementation of advanced "software defined networking".	\$806,481 Project Status: Complete
Data-Center Tape Drive Virtualization	A project to replace the District's out-of-service tape back-up system with a Virtual Tape Back-up solution was implemented. This allows for the expedited recovery of a number of systems in the event of an emergency and propositions critical data at the District's off-site disaster recovery location out of state.	\$393,593 Project Status: Complete
Voice Contact Center	A project to replace the existing Call Center system that distributes incoming calls to specific groups or agents. This new system will be integrated to our current Avaya voice application system.	\$386,313 Project Status: Complete
DR Storage	A project to relocate and build storage for our offsite DR, hosted in our remote COLO facility.	\$221,488 Project Status: Complete

<u>Project</u>	<u>Description</u>	<u>SMART Encumbrance / Expenditure</u>
ERP Disk Replacement	A project to replace disk storage that supports our ERP system and was no longer going to be supported by the manufacturer.	\$212,881 Project Status: Complete
Content Filter	Implementation of enhanced content filter for classroom teachers to share content like YouTube videos, blogs, etc., while securing inappropriate content and ensuring CIPA compliance.	\$1,354,141 Project Status: Complete
Firewall Internet Capacity	Project to build capacity to match school internet utilization in order to provide support and protection to schools and enterprise datacenter systems.	\$1,395,356 Project Status: Complete
Data Network Infrastructure	Update Data Network Infrastructure (Data Switches) at the TSSC Administrative site to current network standards. This would provide the network functionality for the new Avaya voice phone system.	\$385,070 Project Status: Complete
Archival Security Storage and Logs	IT Storage Hardware to address the immediate need of additional storage space required for the IT archival security storage and firewall log projects along with the growth for future expansion, maintenance and support. (Refer to BID# 18-156E Board approved 4-10-2018)	\$596,425 Project Status: Complete
Midrange System Upgrade	Infrastructure Upgrade for systems that support Student Information System (SIS) and Data Warehouse. Current system is at end of life and will no longer supported by manufacturer. (Refer to BID#19-058E Board approved 9-05-2018)	\$385,141 Project Status: Complete
Network Security/Capacity Upgrades	Additional capacity to support internet growth and security requirements.	\$357,193 Project Status: Complete
Enterprise Back-Up	Replace/upgrade back-up from OEM NETAPP to an enterprise solution.	\$314,988 Project Status: Complete

<u>Project</u>	<u>Description</u>	<u>SMART Encumbrance / Expenditure</u>
Server Blade Growth	Hardware to support centralized management tools for Local Area Network endpoints (Desktops/Laptops)	\$265,169 Project Status: Complete
UPS/Support for aging batteries	Replace UPS devices and computer batteries at all Schools and District sites as needed.	\$904,785 Project Status: Complete
CORE INFRASTRUCTURE EXPENDITURES		\$ 10,999,991

Additionally, SMART investment projects are scheduled to achieve the following outcomes:

- Meet growing network bandwidth requirements and increase network reliability
- Improve network traffic management and reporting
- Enhance IT security and identity management systems
- Increase systems storage capacity
- Expand and refresh the District's virtualized server environment
- Extend and enhance core telecommunications routing and application systems

Music & Art Equipment

Daniel Gohl, Chief Academic Officer

Music Equipment - Applied Learning Department Quarter Ending December 31, 2020

Applied Learning has made extensive progress in deliveries of music equipment during the second quarter. Our Budget Support Specialist has worked tirelessly with schools and vendor partners to track, locate and resolve any remaining instrument deliveries. We are pleased to report that during this quarter, 414 musical instruments and equipment were delivered of the 415 items remaining. The total number of instruments/equipment delivered to schools is now an amazing 60,075. We expect to have an update on the remaining item, a piccolo, in our next report.

During Quarter 2, our schools experienced a greater number of students returning to school for face-to-face instruction. Our teachers have been able to greatly improve the delivery of their instruction due to the expanded instrument inventory and the upgrade of quality equipment provided by SMART. Our teachers continue to successfully adapt their teaching strategies and delivery of instruction to meet the needs of students that have returned to school, as well as those still working remotely. We are proud of the efforts put forth by our teachers to ensure that a quality music education continues to be provided.

The music instruments and music equipment have been placed into categories so that we can show you the quantity and dollar amounts of the music orders for each school. For a detailed list of the instruments and equipment, please follow this link:

SMART Kilns Program - Applied Learning Department Quarter Ending December 31, 2020

The Applied Learning Department has continued to ensure the SMART Kiln Program has progressed effectively throughout the SMART program cycle. For the quarter ending on December 31, 2020, a total of 136 kilns have been delivered to school sites. Almost all funds have been expended and Kilns have been installed at all but one site that is awaiting a kiln room renovation/construction to be completed.

Theater Equipment - Applied Learning Department Quarter Ending December 31, 2020

At the end of Quarter 2, all of the SMART program's purchases for school theater sound, lighting and stage equipment has been completed. We have only one remaining school who has yet to have their new equipment installed due to a power modification within the building that needs to take place. The plan for the modification is in the works and is to be completed shortly. There is a total of 39 schools with full or part time theater programs that were eligible for equipment funding, including three brand new programs started as a result of SMART funding. We are very pleased that 38 of the 39 schools are now able to use their new equipment for their theater programs.

Many of our theater programs are starting to plan for potential activities for the Spring semester. We may not be able to conduct our productions in the grand scale as before the pandemic, but even with limited activities, our students will benefit from the upgrades in sound and lighting that the SMART project has provided.

(Task Assigned)

SMART PROGRAM ATHLETICS

SMART Program Athletic initiatives are in good standing, with nearly all projects completed. Of the 15 track and 30 weight room enhancements funded by the SMART Program, the single project yet to reach the finish line is the Northeast High School weight room, which has been delayed.

Tracks

15

COMPLETED

Track
Upgrades

All SMART athletic track projects

(15 tracks – 3 middle schools and 12 high schools) have been complete as of September 30, 2018.

Weight Rooms

29

COMPLETED

Weight Room
Upgrades

Improvements include equipment, paint, murals, structural repairs, flooring, sound system, mirrors, lighting, electrical upgrades, etc.

The 30 High Schools covered by the weight room initiative have undergone a coordinated review for safety, ADA compliance, dimensional clearance, and gender equity prior to the release of funding.

Northeast High School Weight Room

**NORTHEAST
HIGH SCHOOL**

STATUS

Weight Room is contingent on the Primary Renovations

The weight room is being relocated to a building that is set for construction and cannot proceed until construction for the building is complete.

Board approved the GMP on April 21, 2020 and renovations are 90% complete with an expected **completion in Q3 2021.**

NORTHEAST HIGH WEIGHT ROOM

The upgrade to **Northeast High School's** weight room faced delays due to changes during the Design phase of its Primary Renovations project.

- Pirtle Construction hired as the Construction Manager for the school's SMART Renovations in August 2019
- The weight room has been relocated to a building that is set for Primary Renovations
- The new location will have new roofing, windows, air conditioning, and electrical work throughout
- Board approved the GMP on April 21, 2020.
- Renovations are 90% complete and **expected to reach completion in Q3 2021.**

NORTHEAST HIGH SCHOOL

PRIMARY RENOVATIONS (ORIGINAL SCOPE & NEW ADDITION)

Since Northeast High School began construction on its weight room in August 2020, progress has been moving steadily. Weight room renovations are expected to be complete before the next report, a roofing permit has been received for repairs on Building 12, and design drawings for the new classroom addition are being reviewed by the Building Department.

NORTHEAST HIGH SCHOOL

PRIMARY RENOVATIONS (PHASE 1)

7%

ACTIVE CONSTRUCTION

Weight room renovations are 90% complete and are expected to reach Construction Closeout in Q3 2021. Despite some difficulties with receiving approvals for roofing binders, contractors are in the final stages of acquiring approval for Building 12. Repairs on Building 12 will begin while roofing binders for the other buildings are being finalized.

CHANGE ORDERS

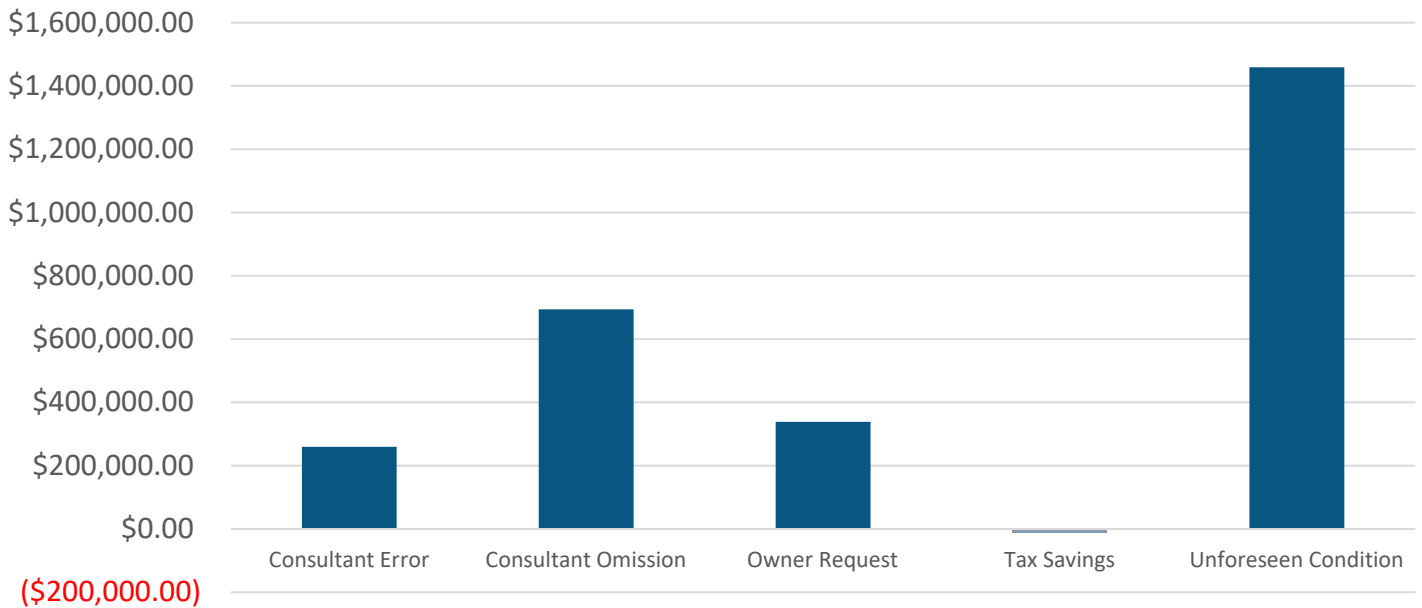

TRACKING AND REPORTING CHANGE ORDERS

As projects continue to move from Design to Construction, the SMART team has committed to tracking Change Orders as they occur and reporting on their relative impact.

- Change orders are currently tracking at 0.42% of the total construction contract value.
- Unforeseen circumstances represent most Change Orders
- Cost savings through Owner Requests and Tax Savings are likewise tracked and reported

CHANGE ORDER FIGURES BY SOURCE

	CONSULTANT ERROR	CONSULTANT OMISSION	OWNER REQUEST	TAX SAVINGS	UNFORESEEN CONDITIONS
CHANGE ORDERS (transferred from budgeted contingencies)	\$259,845	\$693,823	\$338,671.56		\$1,458,859
CREDIT (dollars returned to the project)				(\$12,360.69)

CHANGE ORDERS

Included below is a breakdown of the change orders that occurred this quarter, along with the Board approval date, amount, source and description.

ANNABEL C. PERRY PRE K-8 GOB RENOVATIONS

BOARD APPROVAL DATE	AMOUNT	CHANGE %	SOURCE	DESCRIPTION
10.20.20	8,763.00	.23	Owner Request	Roof Fan: It was discovered that the existing roof mounted turbine ventilation fans in the kitchen in Building 1 are past their useful life span and damaged beyond repair. Labor and materials are required to replace the existing rooftop equipment.
10.20.20	-2,410	(.06)	Owner Request	Drywell Credit: Through the coordinated efforts of the roofing inspector and plumbing inspector, it was determined that there was adequate grass-area for the downspouts to drain onto the ground and resolve the requirement for the drainage wells in Building 1. Therefore, a credit is due to the Owner for the scope to install 4 drainage wells in Building 1 that are no longer required.

ATLANTIC TECHNICAL COLLEGE, ARTHUR ASHE, JR. CAMPUS SMART PROGRAM RENOVATIONS

BOARD APPROVAL DATE	AMOUNT	CHANGE%	SOURCE	DESCRIPTION
12.15.2020	-6,014	(.24)	Owner Request	Boiler Replacements: While performing reroofing work at Building 1, the Contractor accidentally damaged two boilers at the building. Therefore, a credit will be issued the Owner.

CHANGE ORDERS

BANYAN ELEMENTARY SCHOOL SMART PROGRAM RENOVATIONS

BOARD APPROVAL DATE	AMOUNT	CHANGE %	SOURCE	DESCRIPTION
12.15.20	1,580.00	.09	Unforeseen Conditions	Removal & Replacement of Existing Metal Studs in Restrooms 159 & 160 at Building 1: During demolition of Restrooms 159 & 160 at Building 1, it was discovered that the existing metal studs were corroded and deformed beyond repair. The original scope of work did not include stud demolition, but rather, to re-use the existing studs instead. However, the studs require removal, disposal and replacement to meet SBBC design and code requirements.
12.15.20	959.00	.06	Owner Request	Installation of Revised Door Hardware in Restrooms 159 & 160 at Building 1: During Physical Plant Operations' (PPO) hardware submittal review, it was decided to add locksets, in lieu of the push-plates. As a result, labor, equipment and material will be required for the installation of the new door hardware for Restrooms 159 & 160 at Building 1.

BLANCHE ELY HIGH SCHOOL GOB RENOVATIONS

BOARD APPROVAL DATE	AMOUNT	CHANGE%	SOURCE	DESCRIPTION
12.15.2020	22,630.00	.12	Consultant Error	AHU 14-1 and 14-2 Power - During testing of the existing Air Handler System for units 14-1 and 14-2, it was discovered that feeders for one of the units was insufficient and would require a new set of feeders to supply cool air. Additionally, it was discovered that the load on the existing electrical panel was too great and would require alternate service for unit 14-2. As a result, labor, material, and equipment will be required to supply alternate feed and breakers to service Air Handling Units 14-1 and 14-2 and to provide overload protection for service switchboard MS.

CHANGE ORDERS

BRIGHT HORIZONS CENTER SMART PROGRAM RENOVATIONS

BOARD APPROVAL DATE	AMOUNT	CHANGE %	SOURCE	DESCRIPTION
10.20.20	12,510.00	.43	Consultant Omission	Relocation of Power Supplies Provide labor and materials to relocate existing power supply for the new fire alarm panel in Building 1.

CYPRESS BAY HIGH SCHOOL GOB RENOVATIONS

BOARD APPROVAL DATE	AMOUNT	CHANGE%	SOURCE	DESCRIPTION
12.15.2020	69,790.00	.27	Owner Request	Addition of Lockable IT Cabinets: The design drawings were completed and the GMP was established prior to reviewing the requirement for fixed millwork in each classroom to house sensitive equipment. As a result, additional labor and material are required to add sixty-one (61) lockable media cabinets in each classroom to house the IT equipment.
12.15.2020	-25,587.00	(.10)	Owner Request	Removal of Exterior Trophy Cases: Through a coordinated effort with the school and design review department, it was decided to create mural walls for the art program to engage the students instead of constructing trophy cases. As a result, a reduction in labor and materials for the removal of exterior trophy cases will be due the Owner.
12.15.2020	-2,159.00	(.01)	Owner Request	Removal of Three (3) Lab Showers: Three (3) lab showers were bought by the millwork contractor and the plumber. Reduction in labor and materials to delete the 3 lab showers from each lab will be provided. As a result, a credit will be provided by the millwork contractor to the Owner.

CHANGE ORDERS

FALCON COVE MIDDLE SCHOOL SMART PROGRAM RENOVATIONS

BOARD APPROVAL DATE	AMOUNT	CHANGE %	SOURCE	DESCRIPTION
10.20.20	21,885.00	.12	Owner Request	IT Improvements - Labor, material, and equipment are required for improvements to the existing IT Intercom system (installation of the supplemental call button system), and Bidirectional Antenna (BDA) improvements (to allow for improved firefighters radio signals) which were coordinated after permitting, and after the GMP was established. Work includes, but is not limited to, installation of additional call buttons, additional IT outlets, cameras, BDA sleeving, and power upgrades as required and/or necessary.
10.20.20	10,683.00	.06	Consultant Error	New Addition to Service Main Building Disconnect - Labor, material, and equipment are required to relocate the main service disconnect in Building 5 (new building).
10.20.20	6,612.00	.04	Owner Request	Existing HVAC Deficiencies - Additional labor and materials to make repairs to the existing HVAC systems due to deficiencies found during the test and balance scope of the contractor

GULFSTREAM ACADEMY OF HALLANDALE BEACH K-8 SMART PROGRAM RENOVATIONS

BOARD APPROVAL DATE	AMOUNT	CHANGE%	SOURCE	DESCRIPTION
10.20.20	3,451.00	.09	Consultant Omission	Installation of a Fiberglass Vault: Provide labor, equipment, and material to install a fiberglass vault to allow maintenance access to the fire sprinkler main line valves.
10.20.20	3,907.00	.10	Consultant Omission	Removal of Exhaust Fans and Curbs: The former Art Room was in Building 7 which currently has two exhaust fans no longer in use. This change order item is required to provide labor, equipment, and material to remove the two existing roof exhaust fans, curbs, and filling both openings in Building 7.
10.20.20	11,786.00	.31	Consultant Omission	Installation of R19 Faced Batt insulation: Due to a gap found between the top of the wall and the roof at Buildings 1, 2, 7, and 12, labor, equipment, and materials will be required to install insulation above the acoustical ceiling tiles to seal the thermal envelope for these buildings.

CHANGE ORDERS

LAKE FOREST ELEMENTARY SCHOOL SMART PROGRAM RENOVATIONS

BOARD APPROVAL DATE	AMOUNT	CHANGE %	SOURCE	DESCRIPTION
10.20.20	-122,661.00	(5.01)	Owner Request	De-scoping Replacement of Aluminum Canopies for Walkways: After further observation and evaluation, it was determined that the walkway between Buildings 4 and 5 did not demonstrate buckling on the underside of the aluminum canopy. Since there were no leaks observed in the existing aluminum covered walkways on campus, it was decided that this scope of work will be removed, and the Owner will receive a credit.

POMPANO BEACH MIDDLE SCHOOL GOB RENOVATIONS

BOARD APPROVAL DATE	AMOUNT	CHANGE%	SOURCE	DESCRIPTION
11.4.2020	7,081.00	.07	Unforeseen Condition	Replace Exterior Stucco on Buildings 3 and 7: During exterior pressure cleaning of Buildings 3 and 7, the existing stucco came off and must be replaced. Labor and materials are required to repair the exterior stucco to both buildings.
11.4.2020	48,888.00	.49	Consultant Omission	New Feeder Line and Conduit for Buildings 1 and 7: The new panel that was specified was not compatible with the existing feeder wire in Buildings 1 and 7. Therefore, installation of new wires and conduits are required for Building 1 and 7.

HOLDING VENDORS ACCOUNTABLE

The following is a list of design firms that were either fined or had financial penalties levied against them because they were severely delayed compared to the planned schedule.

- The Program Management Team continues to enforce the damages/financial penalties clause of the Professional Services Agreement (PSA) with designers.
- To date, the team has recovered **\$322,800** in penalties from architects/engineers who completed the Design phase.
- Designers and construction managers have been closely monitored to evaluate potential for further delays or best use of bond dollars.
- Included below is a running list of financial penalties that have been collected to date:

PROJECT	VENDOR	BOARD DATE	AMOUNT OF CREDIT	ACTION TAKEN	REASON
Broadview ES	MC Harry	10/20/2020	\$24,500	Reduction in Basic Services fee	Delays in design phase
Coral Springs HS	MC Harry	12/15/2020	\$42,450	Reduction in Basic Services fee	Delays in design phase
Central Park ES	CSA	12/15/2020	\$35,250	Reduction in Basic Services fee	Delays in design phase
Griffin ES	Jorge Gutierrez	12/15/2020	\$16,600	Reduction in Basic Services fee	Delays in design phase
SUBTOTAL:				\$322,800	

TAX WATCH RESPONSES & BOC QUESTIONS

The following section includes responses to questions and requests brought up at prior Bond Oversight Committee Meetings, Workshops, and in TaxWatch Reports.

TAX WATCH

- Q:** Florida TaxWatch recommends the updated scheduled dates for construction projects reflect the school fiscal year and not the calendar year. This will bring all dates in the District Report into alignment with the school fiscal year and budget cycles. For example, a Primary Renovations project currently scheduled for completion in Q3 2020 would now be scheduled for completion in Q1 2020-21.
- A:** **Converting the schedule dates to reflect the school fiscal year is not feasible. Contractors schedule projects using the calendar year and converting the dates now would cause added confusion.**
-
- Q:** Florida TaxWatch recommends the Executive Director, Capital Programs, and AECOM present the updated construction schedule at the December 14, 2020 Committee meeting.
- A:** **A meeting to discuss the updated construction schedule and the current state of the SMART Program is planned for December 17, 2020. The feedback gathered at the meeting will be used to determine the final schedule. An update on the schedule reset will then be provided to Florida TaxWatch and the Bond Oversight Committee.**

TAX WATCH RESPONSES & BOC QUESTIONS

TAX WATCH

Q:

Florida TaxWatch recommends that the Executive Director, Capital Programs, explain the additional delays for the Primary Renovations (Phases 1 and 2) projects at Northeast High School and for the Primary Renovations project at Stranahan High School. Given the significance the Committee has placed on the Big 3 schools, future Facilities Reports should include a thorough explanation for any additional delays at the Big 3 schools.

A:

Northeast High School's final NTP for its Primary Renovations (Phase 1) was issued in August 2020 and the construction of its weight room has been underway since. Approvals for roofing binders have posed some difficulties, but contractors are in the final stages of the process for Building 12, which will begin its repairs while binders for the additional buildings are being finalized. The design of the new classroom addition (Phase 2) at Northeast High School is currently being revised by the architect and will be resubmitted to the Building Department in Q1 2021.

Delays in Stranahan High School's roofing repairs are primarily attributed to buildings being occupied again since the campus reopened and the complexity of roofing repairs of this magnitude. There is over 200,000 sq. ft. of roofing work to be done and the roofing material being used for the repairs has made it challenging to make progress on the roofs of occupied buildings.

Renovations at Blanche Ely High School's are in progress with its final roofing binder being approved in August 2020.

Comprehensive updates on projects at the Big 3 schools will be provided in future Bond Oversight Committee reports.

TAX WATCH RESPONSES & BOC QUESTIONS

BOND OVERSIGHT COMMITTEE (BOC)

Q: How has Covid-19 impacted the Program?

A: **The circumstances caused by the Covid-19 pandemic have affected several areas of the program over the course of the past 9 months, including:**

- Delays in the distribution of permits caused by the Building Department shutting down for a month at the start of March 2020.
- Delays in the delivery of supplies caused by the manufacturing plants shutting down briefly.
- Government agencies were shut down momentarily, blocking contractors from registering their bond once projects were awarded a bid.
- Some campuses continue to have a limited number of contractors on site as a result of the ongoing pandemic.
- Adhering to safety protocols, if a member of the construction crew becomes sick, the crew shuts down until it is safe to resume work.

Q: How will the Q2 report address the 2020 reset schedule if the Board is neither going to approve it nor reject it at the Board meeting on February 9th?

A: **The 2020 reset schedule is currently being used to manage projects as the 2018 schedule was deemed unrealistic. Should other projects move up, they will be individual projects. Moving the Program back to 2023 is not doable.**

Q: Were Stranahan's ADA renovations completed?

A: **The two ADA lifts in the gymnasium are complete, however there is one outstanding ADA lift in the auditorium that is still underway. A section of the auditorium needed to be rebuilt which slowed down the process.**

SCHOOL CHOICE ENHANCEMENT PROGRAM
(SCEP)

SCHOOL CHOICE ENHANCEMENT PROGRAM (SCEP)

QUARTERLY HIGHLIGHTS

6

SCHOOLS COMPLETE THIS QUARTER

Schools that have joined the list of those with **fully complete SCEP enhancements** since the last quarter's update

147

SCHOOLS COMPLETE TO-DATE

All SCEP items have been both **delivered and installed**, with a SCEP fund balance of **5% or less remaining** to be spent

1,538

TOTAL SCEP ITEMS TO-DATE

All items that have been **delivered and installed** at schools districtwide

230

SCHOOLS UNDERWAY OR COMPLETE

Representing **all schools in Funding Years 1-5**

SCHOOL CHOICE ENHANCEMENT PROGRAM (SCEP)

QUARTERLY HIGHLIGHTS

With all SCEP projects now active or complete, schools across the District are beginning to make the most of their upgrades.

	PREVIOUS QUARTER ENDING SEPT 30, 2020	CURRENT QUARTER ENDING DEC 31, 2020
 PLANNING & DESIGN	19	15
 IMPLEMENT IMPROVEMENTS	70	68
 IMPROVEMENTS COMPLETE	141	147

TOTAL
230
SCHOOLS

NOTE:

Although many schools have received a significant portion of their SCEP items to date, projects officially remain in the Implement Improvements phase until all items have been delivered and installed.

A new process has been implemented to determine a school's completion status in the School Choice Enhancement Program. Projects will still follow the three phased process for voting on items; however, a school must now reach the following criteria to be considered complete:

- **Delivery of all items selected in voting**
- **A balance of 5% or less remains**

SCHOOL CHOICE ENHANCEMENT PROGRAM (SCEP)

FEATURED SCEP PROJECTS COMPLETED THIS QUARTER

BANYAN ELEMENTARY SCHOOL

(District 5)

Delivered: Murals, playground upgrades, digital marquee, projectors, and document cameras

CORAL GLADES HIGH SCHOOL

(District 4)

Delivered: Laptop carts, laptops, cart cable management, and media center furniture

CHARLES W. FLANAGAN HIGH SCHOOL

(District 2)

Delivered: Floor scrubber, hedger, trimmer, blower, two-way radios, ID machine, recordex, batteries, golf carts, and marquee

SCHOOL CHOICE ENHANCEMENT PROGRAM (SCEP)

REFERENCE INFORMATION

OVERVIEW

The SMART Program, under the direction of the School Board of Broward County, FL (the District) and Superintendent Robert W. Runcie, has allocated \$100,000 towards School Choice Enhancement capital-related projects at each District school.

The \$100,000 in funding is intended to be used to improve the condition of instructional and educational spaces at each District school.

All School Choice Enhancement Program (SCEP) projects are well underway with the planning, implementation and completion phases. The program has been met with great enthusiasm and many schools have selected a broad range of improvements. **As of Month X, Year, 230 schools in the District have improvement projects underway or complete.** The school project schedule can be viewed on individual SMART Program Status Reports, located at browardschools.com/web/smart-needs.

HOW IT WORKS

SCEP projects are chosen under the direction of the principal, and in collaboration with the School Advisory Council (SAC), school staff and the school community. There are some qualifiers considered:

1. Projects must be "capital eligible," which means the improvements are made to the physical building and/or instructional environments.
2. The improvements must have a life cycle greater than five years. For example, consumable items, such as art supplies, would not qualify; however, improvements to the art labs and/or computer labs would be eligible.
3. All items purchased under SCEP must be inventoried and inspected by the school upon delivery.

SELECTION OPTIONS

A school can select a capital eligible project valued at \$100,000 or less to address its unfunded needs. Examples of popular choices include:

Elementary and Middle schools: playground equipment, shade structures, music or art room renovation, front office or teacher lounge renovation, morning show announcements equipment and/or TV production equipment.

High Schools: outdoor bleachers, art studio renovation, scoreboards, athletic equipment and/or golf carts.

A school can also select a unique facility or instructional need which has been identified by its school community.

SCHOOL CHOICE ENHANCEMENT PROGRAM (SCEP)

PROCESS FOR SCEP PROJECTS

PLANNING DESIGN

On behalf of the District, AECOM's **Project Manager visits each school to review existing conditions** with school leadership and the **School Advisory Council (SAC)**. The **Project Manager works with the SAC to assist in narrowing down project options, based on budget, preliminary cost estimates and priority.**

The **SAC narrows the list down to two options, each containing one (1) or more items in priority order.**

The **Project Manager evaluates and confirms that scope and budget are in compliance** with District guidelines.

Once confirmation is received, the **school begins the voting process** within the school community.*

*Until final costs are determined, selected items are subject to change to stay within the funding guidelines.

IMPLEMENT IMPROVEMENTS

The **Project Manager** evaluates the budget and scope for the selected option and begins the procurement process. Subject to the limits of the \$100K budget at each school, the items in the selected option are then implemented and/or delivered to the school in prioritized order.

IMPROVEMENTS COMPLETE

The **school community** can enjoy the new improvements after the delivery and installation of all selected items, and it is determined that a balance of 5% or less remains.

Section 5

Facilities Sub-Section

PROGRAM COST & CONTROLS

ATKINS

HARD COSTS VS. SOFT COSTS

Included here is a brief explanation of hard costs vs soft costs in the SMART Program. For your consideration, below are schools that have reached substantial/final completion and a breakdown of their costs. The soft cost numbers have been re-calculated now that the new PMOR contract has been executed and the value has been added to the SMART Program.

The important distinction here is budget versus actual.

While the project budgets were developed with approximately **30% soft line items** such as Design, Program Management, FF&E, IT and Contingencies, when the project is completed, the funds that remain unspent are then **swept back to the SMART Program Reserve and that lowers the soft cost percentage.**

EXAMPLES OF SOFT COSTS INCLUDE:

- ▶ Architect and Engineering fees
- ▶ Furniture, Fixtures & Equipment (FF&E) and Technology
- ▶ Program Management fees
- ▶ Building Fees and Permitting fees

HARD COSTS VS. SOFT COSTS BREAKDOWN

School	Hard Cost (%)	Soft Cost (%)
Charles W. Flanagan High School	86%	14%
Coconut Creek Elementary School	81%	19%
Cypress Elementary School	85%	15%
Dr. MLK Montessori Academy	81%	19%
Indian Ridge Middle School	81%	19%
Manatee Bay Elementary School	84%	16%
McNicol Middle School	80%	20%
Miramar Elementary School	82%	18%
Palm Cove Elementary School	80%	20%
Silver Lakes Elementary School	85%	15%
Silver Shores Elementary School	81%	19%
Sunset Lakes Elementary School	85%	15%

Percentages subject to change after warranty period is complete

Green indicates new added school

RISK ASSESSMENT

ISSUED January 28, 2021

Included below is the latest **SMART program Risk Assessment** provided to the District by Atkins. It is reported on a roughly 3-6-month basis, with a focus on **potential risk to the program's budget and projected costs**.

ATKINS Risk Assessment

The risk assessment has significantly increased this update as a result of the proposed schedule revision provided by the PMOR that extends the projected completion of construction to August 2025, thus extending the inflation, management and administrative costs of the Program for two additional years. This is currently under evaluation for mitigation. The summary is as follows:

Date of Submittal	Risk Analysis Result Range (Percentage Increase / \$ increase in Millions)		
	Mid-Point Risk Result	70% Risk Result	High End Risk Result
January 2017	22% / \$200	26% / \$245	49% / \$439
May 2018	22% / \$200	26% / \$245	49% / \$439
Sept. 2018	33% / \$302	36% / \$326	49% / \$441
Dec. 2018	46% / \$415	48% / \$433	58% / \$528
May 2019	47% / \$423	49% / \$436	56% / \$508
Aug 2019	47% / \$425	49% / \$436	56% / \$507
Jan 2020	47% / \$425	49% / \$436	56% / \$507
Apr 2020	46% / \$419	48% / \$429	55% / \$498
July 2020	50% / \$452	51% / \$462	58% / \$524
Oct. 2020	50% / \$452	51% / \$462	58% / \$524
Jan. 2021	55% / \$497	56% / \$508	64% / \$575

Figure 1 - Risk Analysis Results Comparison

Figure 2 - Range of Potential Risk Outcomes Over Time

RISK ASSESSMENT

ISSUED January 28, 2021

January 2021 Risk Assessment Discussion

The proposed revised SMART program completion schedule adds an approximate 2-year extension of the projected end date of the SMART program from mid-2023 to mid-2025. This extension would significantly impact the risk of the program for both construction inflation and for extended management costs. The extended management costs are primarily the PMOR (AECOM) for the project and program management and other support provided, plus smaller allowances for any extended CPCM (Atkins), other support to the District Building Department and extended Builder's Risk insurance. The combination of these costs increases the 70% likelihood of program cost increases from \$462 million to \$508 million, an increase in the range of \$46 million. This increase is approximately \$10 million in inflation costs, \$33 million for the PMOR and \$3 million for extended CPCM, Building Department Support and Builder's Risk insurance.

The risks of this extension can be mitigated by a schedule acceleration that is currently being evaluated by the PMOR (at the School Board's direction) to determine how it can be accelerated and at what increased cost, which would be offset by reduced costs of the program extension. This risk assessment includes potential cost impacts based on an end of 2025 SMART program completion.

Current Construction Market Discussion

The South Florida construction market appears to be somewhat stable as construction spending is increasing in some markets (particularly residential) that is offsetting the decreases in the pandemic related markets such as offices and entertainment related construction. The South Florida construction labor is consistent with this stabilization, staying flat in 2020, other than an April dip related to the pandemic shutting down some work and workers shifting to other available construction work in May through November.

This market stabilization combined with SBBC bid information continuing to indicate lower construction costs during the pandemic (that was incorporated in the preceding risk assessments) are keeping inflation risks lower. The inflation for the extended schedule was modeled at a range of a most likely inflation to midpoint of 2% with a high-end inflation at 4%.

Other Risk Assessment Discussion

This risk assessment is based on approximately 39% of the program remaining to get under contract. The other actual cost factors that have had the greatest influence on the higher end risk results are:

- Actual roofing costs are well above the initial established budgets, and this largest Program risk has been based on bid data and roofing evaluations;
- Cumulative impact of higher inflation than budgeted from 2014 to 2020. Lower inflation is now projected to the midpoint of the revised schedule for inflation calculations;

RISK ASSESSMENT

ISSUED January 28, 2021

- Scope unquantified in the ADEFP that has been identified during design development (i.e. added ductwork and electrical upgrades on HVAC Improvements);
- Current actual prices / estimates for classroom addition buildings at school sites have increased above established budgets;

The actual contracted costs to-date on the Program show that projects that have been bid or negotiated are approximately 60% above the initially established budgets (see Attachment A) noting that this calculation includes the cost increases for three large classroom addition projects and the “Big 3” major high school renovation projects. This trend has been reducing as more “Primary” and “Minor” projects are bid, although it continues to be slightly above (60% vs. 58%) the higher end of this risk assessment.

Other risks that are closely being monitored include; a) a potential that some of the contractors that are predominately performing SBBC project work could potentially have bonding capacity issues that would limit their ability to participate in new projects; and b) a potential that the number of roofing contractors qualified and available to participate on SBBC roofing projects may not be sufficient to meet the current delivery schedule.

Risk Mitigation Strategies

The risk strategies that have been put in place to address the high-end potential risk increases remain as follows (note these exclude the schedule evaluation to mitigate the increased costs of extending the program):

- Additional “**Roofing Improvement Strategies**” issued on September 22, 2020 from the new SMART Program Owner's Representative, AECOM, with a focused roofing team designated to continue to improve the process and execution of the roofing projects.
- **Expansion of the Direct Owner Purchase (DOP) program:** to maximize tax benefits of Broward Schools purchasing materials for contractors;
- **Scope Validations:** continuing validations to ensure the scope of each project is only what is required to meet the intent of the Bond;
- **Right-sizing of campuses:** being performed to include new classroom additions, demolishing outdated and non-needed spaces, renovate all remaining buildings, and adequately address site logistics;
- **Focused efforts to increase pool of contractors available for SBBC work:** continue to reach out to the construction industry to try and increase the contractors available to perform on SBBC projects, with a focus on roofers;

RISK ASSESSMENT

ISSUED January 28, 2021

Market Conditions driving Construction Inflation

Atkins has reviewed the South Florida construction market and has included a most likely inflation of 2% for the remainder of the Program, with a high end of 4%. The following provides information related to this adjustment.

1. **Volume of Construction in the U.S.:** Volume of construction has increased by 80% since 2011. Figure 5 demonstrates this volume, showing that in 2020 this number continues to increase, primarily related to increases in the residential market. This trend does not appear to extend to the South Florida construction market, as the construction employment is stable (see Figures 6 and 7).

Figure 5 - U.S. Construction Volume: base source: census.gov

History has shown that construction cost trends closely follow this volume of construction, and should the volume decrease the construction costs stabilization and/or decrease should follow.

2. **Continued major programs in progress and upcoming in South Florida** have stalled or been deferred somewhat due to the pandemic, and there remains uncertainty on the volume of construction in South Florida in the near future. Figure 6 demonstrates the downturn in these employment figures in 2020, despite a 10% year over year growth up to 2018.
3. **Potential reduced demand for construction labor in South Florida:** Figure 7 shows construction labor in South Florida for the first 11 months of 2020, with a noted decline in April that recovered quickly and has now remained steady. This trend will continue to be monitored to determine the impact on construction costs.

RISK ASSESSMENT

ISSUED January 28, 2021

Figure 7 - South Florida Construction Employment in 2020: base source: bls.gov

- Volatility of the cost of construction materials:** There are some signs of shortages of equipment and materials in the construction market related to the impact of COVID-19, and this will have an impact on construction costs. Indications are that these shortages are not yet impacting costs on the SMART Program, however, some delays in manufactured goods (e.g. HVAC units, windows) could impact contractor schedules.
- Cost Index Results:** The Turner Construction Cost Index is an industry index that has been shown to be reasonably accurate in showing actual construction cost trends. Results for the first three quarters of 2020 show a much lower % change year-to-date, including deflation in the 2nd and 3rd quarters resulting from the COVID-19 pandemic (first construction deflation since the Great Recession in 2009/2010). Figure 8 demonstrates this change.

Figure 8 - Turner Construction Cost Index: base source: turnerconstruction.com

RISK ASSESSMENT

ISSUED January 28, 2021

Conclusion

The SMART Program currently has \$225 million in additional capital (SMART) reserve funds dedicated by the Board related to the potential increases in construction costs to meet the intended scope of the Program. The Board has also approved a Board item adopting Resolution No. 20-106 Certificates of Participation (COP), Series 2020A and amending the capital budget to include the \$250 million additional appropriation, of which \$211 million was set aside for SMART Reserves. In July 2020 the Board approved an additional \$47.2 million being added resulting in a total of \$483.2 million that the Board has planned for reserves. The 70% level of the risk assessment is currently in the range of \$508 million, exceeds the current reserve amount of \$483.2 million, however, it is currently under review for mitigation.

The 70% risk result is reasonably consistent with the "Running Estimates for the Program", where actual costs, estimates and risk projections are combined to forecast a final Program cost.

As the program continues, any scope added beyond the ADEFP plan will further impact the risk, as will any further changes in schedule or market conditions.

Sincerely,

David J. Carter, CCM; Vice President

C: Judith Marte (BCPS); Phillip Kaufold (BCPS); Shelley Meloni (BCPS); Dave Archer (BCPS); Ashley Carpenter (Atkins); Kathleen Langan (AECOM)

Sub-Section

SCHOOL SPOTLIGHTS

UNDERSTANDING THE SIX-PHASE PROCESS

To ensure projects are completed with the utmost efficiency and integrity, each project typically goes through a six-phase process.

PROJECT PLANNING

PROJECT PLANNING

The Project Planning phase (Phase 1) is the initiation phase of a project. During this phase, the scope of work is assembled, and a delivery method is chosen based on the complexity and size of the scope of work. The selected delivery method can be a traditional Design/Bid/Build method, a Construction Management at Risk method, or the use of task order contracts that are currently in place between the District, Professional Service Firms, and Contractors.

HIRE DESIGNER

HIRE DESIGNER

The Hire Designer phase (Phase 2) represents the various steps involved in hiring a professional Design team. It begins with the advertising for Requests for Qualifications (RFQ) from design firms, then goes through the selection process with the Qualification Evaluation Selection Committee (QSEC) and ends with the issuance of an Authorization to Proceed (ATP) for the design work.

UNDERSTANDING THE SIX-PHASE PROCESS

DESIGN

The Design phase (Phase 3) starts after the ATP has been issued. The selected design firm begins by holding a kickoff meeting with the Owner Representative and school administration in order to perform a more detailed scope validation, then moves into the development of drawings and plans needed to hire a contractor and begin the implementation of work.

PROJECT
DESIGN

THE DESIGN PROCESS EXPLAINED

0-20%

Defining and validating general scope of the project

20-50%

Beginning to develop construction documents

50-70%

Incorporating details and specifications into construction documents

70-90%

Construction documents are nearing completion for permitting

90-95%

Construction documents undergo internal review process

95-100%

Drawings are reviewed by the Building Department for permitting.

Once a Letter of Recommendation (LOR) is received, the phase is complete.

UNDERSTANDING THE SIX-PHASE PROCESS

HIRE CONTRACTOR

The Hire Contractor phase (Phase 4) begins by hiring a contractor or vendor and ends with the issuance of a Notice To Proceed (NTP). This process can be completed in various forms and delivery methods, including Invitations To Bid (ITB), Construction Management at Risk (CMAR), or leveraging approved continuing services contracts.

HIRE
CONTRACTOR

THE HIRE CONTRACTOR PROCESS EXPLAINED

0-30%

Advertisement of the Invitation to Bid / CM assembling design documents

30-50%

Bids received and reviewed / CM collecting sub-contractor bids

50-80%

Bid negotiations held / CM submits GMP proposal

80-100%

Award and execution of the contracts / execution of contract amendment

CONSTRUCTION

The Construction phase (Phase 5) begins after the NTP that authorizes the contractor/vendor to start working has been issued. The process includes all aspects required to execute approved scope of work through substantial completion.

ACTIVE
CONSTRUCTION

UNDERSTANDING THE SIX-PHASE PROCESS

CONSTRUCTION CLOSEOUT

The Construction Closeout phase takes place between substantial and final completion, which includes verification that the scope is completed according to approved specifications, final submittals of documents, and in closing out the vendor contract.

There are multiple steps within the Construction Closeout phase. Included below is a breakdown of these steps.

CONSTRUCTION CLOSEOUT

THE CONSTRUCTION CLOSEOUT PROCESS EXPLAINED

0-100%

Substantial Completion

Obtained with the certificate of occupancy, following close-out of construction. Accomplished when all punch-list items have been reviewed by the designer and approved by the inspector

100%

Closed

The SBBC approves Final Change Order, Final Acceptance & Final Release of Retainage. This step represents the official completion of the project.

WHAT'S NEW IN THE SCHOOL SPOTLIGHT

The 2020 reset schedule is currently being used to manage projects and future reporting will include spotlight data that will reflect the present schedule.

Introduction:

The purpose of the Budget Activity Report Section is to provide information on the financial activity for projects in the SMART Program Quarterly Update. **The Budget Activity Report may give some indication about project activity, but it does not give the status of a project and should be used in conjunction with the School Spotlight construction status reports within this SMART Program Quarterly Update.** In this Budget Activity Report, projects are shown as “financially active” when the project has existing commitments and/or expenses. Project commitments and expenses include, but are not limited to, construction costs, design costs, permitting costs, advertising costs during the planning and procurement phase, equipment, work orders, and Program Management fees.

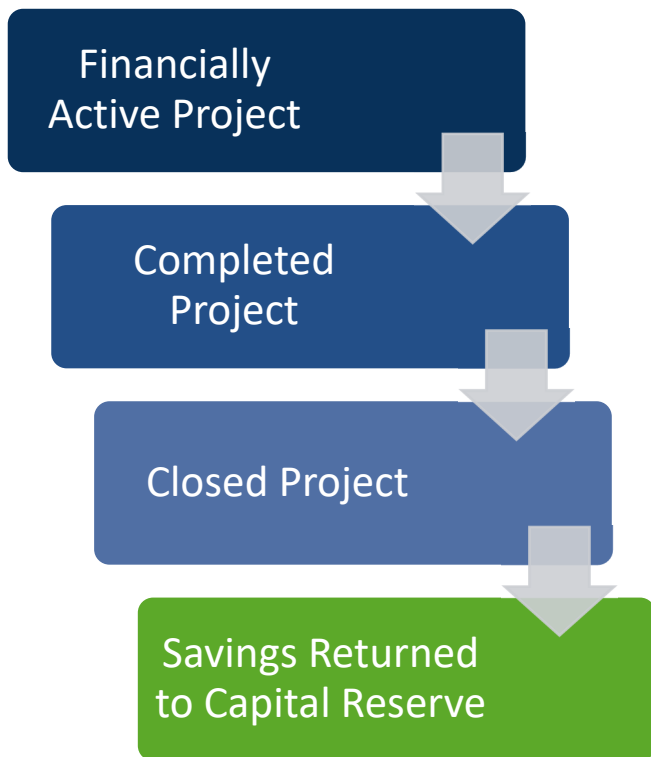

This Budget Activity Report is for the second quarter of the 2021 Fiscal Year that ended on December 31, 2020. **There were over \$57 million SMART Program expenditures this quarter, the highest of any quarter during the Program.** During the second quarter the School Board approved financial impact increases and decreases for the following projects: SMART Renovations at William T. McFatter TC \$1.7M, Park Trails ES \$1.3M, Dillard ES \$2.4M, Attucks MS \$1.7M, Boyd Anderson HS \$5.1M, Gulstream Academy \$1.1M, Park Ridge ES \$1.3M, Cooper City ES \$0.3M, Bair MS -\$0.3M, Meadowbrook ES -\$0.2M and SPE project close outs of -\$0.8M. This report includes detail on the \$1.3 billion SMART Program funding included in Program Years 1 through 8.

SMART Appropriations	(in millions)				Total
	Program Years 1-5 (FY15 – FY19)	Program Year 6 (FY20) <i>Current Year</i>	Program Year 7 (FY21)	Program Year 8 (FY22)

Introduction: (continued)

The voter-approved \$800 million general obligation bonds (GOB) are combined with other non-GOB capital funding to total the \$1.3 billion SMART Program. Full details of the SMART Program are included in the District's Adopted District Educational Facilities Plan (Adopted DEFP). The first series of the GOB was issued in June 2015 and the second GOB series was issued in February 2019. Additional GOB series will be issued in the future to ensure the projects have available funds in line with the projected construction delivery timelines.

The Budget Activity Report includes a section of Completed and Meets Standard Projects. When projects are marked as complete, meets standards, or complete prior, within the various status report sections (Technology, Music, Construction, etc.) the financial activity for the project is moved into the Completed Meets Standard Projects section. Completed Projects are projects that have had financial activity within the SMART Program and the scope of the project has been completed. **There may be some additional financial activity on these projects as the final payments are made and all the purchase orders are closed out.** The other category of projects in this section is Meets Standard. This includes projects like the single point of entry projects that were assigned SMART Program funding, but during the planning and scope validation stage it was determined that renovations to implement single point of entry were completed prior to the SMART Program.

The financial life-cycle of a project starts when the project is **financially active**.

At the end of the implement improvements phase projects are marked as **complete**. These projects are in their final inspection for quality assurance, between substantial and final completion, which includes verification that the scope is completed according to approved specifications, final submittals of documents and closing out the vendor contract.

When all the close-out steps are completed, final payments have been submitted to vendors, and all purchase orders have been reviewed and closed the project is **closed**.

After the project is closed, remaining funds are reported to the School Board and **returned to the District's Capital Reserve**.

Introduction: (continued)

SMART Program Reserve

On September 6, 2017, the Board approved \$225 million of capital reserves in the 2017/2018 Adopted DEFP to be allocated to the SMART Program Reserve. These funds were added to mitigate any potential cost increases, such as the costs of materials or labor, and to ensure proper funding for those projects identified in the District's 2016 SMART program Risk Assessment/Market Conditions report from Atkins North America, Inc. (Atkins).

At the March 31, 2020 School Board of Broward County Emergency Meeting, the District authorized the issuance of Certificates of Participation (COPs), Series 2020A in an aggregate principal amount not to exceed \$250 million. The 2020A COPs issuance will provide the supplemental funding for the additional costs for the SMART Program associated with the August 2019 updated SMART Program Risk Assessment/Market Conditions report. \$211 million of the \$250 million was placed into the SMART Program Reserve with the remaining \$39 million used to supplement the District's unallocated capital reserve for cost impacts outside of the SMART Program.

On July 21, 2020 the Board approved a new SMART Program Project Manager – Owner's Representative Services (PMOR) contract (item EE-9) with an additional budget impact of \$47.2 million. The additional PMOR budget was added to the total SMART reserve.

Total SMART Reserve

\$225 million	SMART Reserve established FY 2018
\$211 million	COPs Series 2020A
<u>\$47 million</u>	PMOR Allocation
\$483 million	

The July 2020 risk assessment provided by Atkins North America, Inc. is \$462 million at the 70% risk level. Due to Approved Board items thru the end of FY21 Q2 the SMART Reserve balance is currently **\$155.0 million** (including future years).

Bond Oversight Committee

On January 27, 2015, the School Board approved a resolution to create the Bond Oversight Committee (BOC) to act as an independent citizen's advisory committee to the School Board. The District recognizes the importance of establishing a mechanism to encourage greater accountability, transparency, public support and confidence in the use of GOB funds. Florida TaxWatch, a not-for-profit government watchdog group, is providing the BOC independent analysis and recommendations on best practices.

The Budget Activity Report Section is organized in a logical way that includes this Introduction, a Glossary of Terms and Notes to the Budget Activity Report.

Glossary of Terms:

GOB: Funding from the General Obligation Bond

Non-GOB: Funding from all other capital funds.

Original Budget: The budget approved at the May 19, 2015 school board meeting that established the five-year budgets for the SMART program.

Current Budget: The current approved budget that includes any School Board approved changes that impacted the Original Budget.

Commitment: Project obligation, for example purchase orders, contracts or requisitions.

Financially Active Project: Within this Budget Activity Report, projects are shown as financially active when the project has existing commitments or expenses. Project commitments and expenses include, but are not limited to, advertising costs during the planning and procurement phase, design costs, construction costs, permitting costs, equipment, work orders, and Program Management fees.

Completed Projects: Projects that have had financial activity within the SMART Program and the scope of the project has been completed. There may be some additional financial activity on these projects as the final payments are made and all of the purchase orders are closed out. When the Facilities Department partially accelerates a phase of a larger project, the project will not be shown as completed in the Budget Activity Report until the entire project is completed. These are noted as partially accelerated for early completion in the School Spotlights.

Meets Standard Projects: Projects that received SMART Program funding but were later determined to already have had the renovations completed prior to the SMART Program (aka **Complete Prior**).

School Board Approved Amendments

Occasionally it will be necessary to make amendments to the SMART Program. When this happens, the School Board will review the request at a School Board meeting as part of their business agenda. When the Board votes to approve a requested amendment, the changes will be reflected in the SMART Program Budget Activity Report. Changes may include project budget increases or decreases made to reflect construction contract awards and the scheduled delivery of the project. The approved changes are shown in the Budget Activity Report where there is a difference between the Original Budget and the Current Budget.

List of Approved SMART Program Amendments

Board Meeting	Agenda Item #	School Name	Project	Approved Increase/ (Decrease)
1/20/16	JJ-1	Crystal Lake MS	Fire Alarm Replacement	\$30,000
1/20/16	JJ-2	Attucks MS	Building Envelope Improvements	182,125
3/9/16	Boundary Hearing Item 1	Gulfstream Academy of Hallandale Beach K-8	Due to combination of schools, \$50k music moved from old Gulfstream MS to newly created K-8	Net Impact = 0
9/7/16	Special School Board Meeting Item 1	Various – Single Point of Entry and other projects that will benefit by completing them together	SMART Program Project Accelerations \$23.9M from Yr 4&5 to Yr 3	Net Impact = 0
1/18/17	FF-1	Various – Music	Accelerate SMART Music Funding \$7M from Yr 4&5 to Yr 3	Net Impact = 0

* Project expenditures include, but are not limited to, construction costs, design costs, permitting costs, advertising costs during the planning and procurement phase, equipment, work orders, and Program Management fees.

Expenditure Chart

This SMART Program Expenditures by Quarter chart shows the SMART expenditures in each quarter represented in the bar chart as GOB dollars (blue) and Non-GOB dollars (orange), using the scale on the left.

Notes to Budget Activity Report

1. SMART Program

The SMART Program includes \$800 million GOB funding and other non-GOB funding for **S**afety, **M**usic and arts, **A**thletics, **R**enovation and **T**echnology projects totaling more than \$1 billion. The District Educational Facilities Plan was amended on May 19, 2015 to incorporate the SMART Program.

2. SMART Cost Allocation Method

To effectively deliver projects at any particular school the Facilities Department may combine several categories in the SMART Program into one project that encompasses the scope of the individual categories under one contract. To report expenditures for each SMART category, all expenses for the combined project will be allocated based on a percentage of the budget for SMART Program categories that were combined.

3. Program Manager Fees Allocation

The projects are being managed by external consultants that are being utilized as Program Managers and will manage a portfolio of projects as owner representatives. Costs for the Program Manager(s) are included in the project budgets and expenses will be prorated proportionate to those project budgets assigned to the Program Manager.

4. Issuance of GOB Funds

On November 4, 2014, the public authorized up to \$800 million in general obligation bonds to fund the SMART program. The planned issuance of these bonds was initially based on five (5) series to align with the needs of the projects in the SMART program. The first series was issued in June 2015 and the second series was issued February 2019. Within the \$800 million authorization, the actual amounts and timing of the future individual series may vary from what was initially planned based on the execution of projects and cash flow projections.

Notes to Budget Activity Report (continued)

5. Hierarchy of Assigning Funds

GOB funds are assigned to projects in the SMART Program in addition to other capital funding. The other capital funds consist of capital millage, impact fees, State funds such as Public Education Capital Outlay (PECO) and other sources, which have various restrictions and spending durations.

In assigning projects to a funding source there are many considerations, and generally the funds with the most restrictions are to be utilized for eligible projects first. Since the GOB funds are paid for over a 25-year period, use of GOB funding for technology and educational equipment with a useful life substantially less than the life of the bond, may be limited because of Federal rules.

The funding source for each project in the SMART program is reviewed when:

- **The District adopts the DEFP** – District Educational Facilities Plan (DEFP) is a five-year budget planning document that is revised annually. The first year of the DEFP is incorporated into the District's capital budget. The DEFP and the Budget is a projection of revenues and a plan to appropriate funding for anticipated expenditures. The DEFP includes revenues from GOB and an appropriation for the SMART program.
- **The District Issues GOB** – During the fiscal year, the District will evaluate cash flow needed for the SMART program and consult with the Facilities and Technology departments to determine if the GOB should be issued in the amount planned in the capital budget. The projects planned to be funded by the GOB will be reviewed. If necessary, the list of projects may be adjusted to meet Federal rules, accommodate changes in project schedules, or maximize the utilization of other capital funding sources.
- **The District combines several categories into one project** – To effectively deliver projects at any particular school the Facilities department may combine several categories in the SMART Program into one project that encompasses the scope of the individual categories under one contract. The funding source for the project will be reviewed based upon the revised scope of the project.

Note: When the Facilities Department partially accelerates a phase of a larger project, the project will not be shown as completed in the Budget Activity Report until the entire project is completed. These are noted as partially accelerated for early completion in the School Spotlights.

* Project expenditures include, but are not limited to, construction costs, design costs, permitting costs, advertising costs during the planning and procurement phase, equipment, work orders, and Program Management fees.

There may be some additional financial activity on these projects as the final payments are made and all of the purchase orders are closed-out. When the projects are closed-out remaining balances (savings) are reported to the School Board and returned to the Capital Reserve.

This is a budget and expenditure activity report, and is not a construction status report. The accompanying introduction and notes are an integral part of this budget activity report.

Section 7

Economic Development &
Diversity Compliance Department

Supplier Diversity Outreach Program

Maurice L. Woods

Chief Strategy & Operations Officer

EXECUTIVE SUMMARY

The Economic Development & Diversity Compliance Department (EDDC) oversees the District's Supplier Diversity Outreach Program (SDOP) and operates through Standard Operating Procedures in accordance with The School Board of Broward County, Florida (SBBC), Policy 3330. Policy 3330 was adopted to remedy the ongoing effects of identified marketplace discrimination that continues to adversely affect the participation of Emerging/Small/Minority and/or Women Business Enterprises (E/S/M/WBE) in all solicitations and awards of contracts for the purchase of services, goods, or supplies.

The SDOP SMART Bond Program Report is comprised of the following sections that detail the commitment and utilization of the District's diverse suppliers:

1. E/S/M/WBE CERTIFICATION ACTIVITIES

- 1.1 E/S/M/WBE Certified Firms by Ethnicity and Gender
- 1.2 E/S/M/WBE Certification Industry Categories by Ethnicity and Gender

2. SDOP TARGETED MARKETING ACTIVITIES

- 2.1 SDOP Marketing Campaigns and Outcomes

3. CONTRACT COMPLIANCE ACTIVITIES

- 3.1 Contract Compliance Evaluation Activities
- 3.2 M/WBE SMART Projects

4. CONTRACT COMPLIANCE BID AWARD TRACKING ACTIVITIES

- 4.1 Bid Award Tracking Totals
- 4.2 M/WBE Commitment by Ethnicity & Gender
- 4.3 S/M/WBE Overview: Construction Services
- 4.4 M/WBE Commitment: Owner's Representative, CBRE Heery, Inc.
- 4.5 M/WBE Commitment: Cost & Program Control Services, Atkins North America, Inc.

5. SMART BOND E/S/M/WBE CUMULATIVE SPEND

- 5.1 Value of Purchase Orders to S/M/WBE Firms per SMART Category
- 5.2 Value of Purchase Orders to S/M/WBE Firms by Ethnicity and Gender
- 5.3 Cumulative Spend by Ethnicity and Gender
- 5.4 Spend Per Quarter FY'15 – Present

Communications

Yvonne Garth,
Garth Solutions / CBRE | Heery Team

SMART COMMUNICATIONS

This quarter, the Communications team continued to use the virtual space to deliver dynamic content directly to relevant Broward County Public Schools stakeholders through platforms such as Twitter, Facebook, YouTube, and the SMART Program website.

Making use of social media, the Communications team has been able to publish quick and concise updates to the community regarding the schools in their neighborhoods and encourage visits to the SMART Program website to find more information. The SMART Program website has allowed for many of the program's more technical aspects to be put into a more digestible format and context, making it easier for the public to understand what is happening on projects and the factors involved in accomplishing the program's goals.

COMMUNICATIONS THIS QUARTER INCLUDE:

- Introduction to bcpssmartfutures.com Video
- Reel SMART Fall 2020 Construction Highlights
- District 5 Community Meeting Presentations
- Parkway Middle Explainer Video
- Bennett Elementary Community Meeting

VISIT [BCPSSMARTFUTURES.COM](https://www.bcpssmartfutures.com)

To see more SMART Program Communication materials, scan the QR code or [click here](#).

The SMART Program website is the center of the evolved distribution strategy for SMART-related materials reaching the public as the program moves forward. The focus will continue to be on providing the community with information that is most relevant to them and beneficial to their awareness and understanding.

In keeping with the goal to continually develop the websites coverage and utility, the next quarter will see a new feature on the website, the News section. Stories and articles on this page will be used to add even more context to the latest current events in the county, provide meeting and event summaries, and highlight any SMART-related milestones.

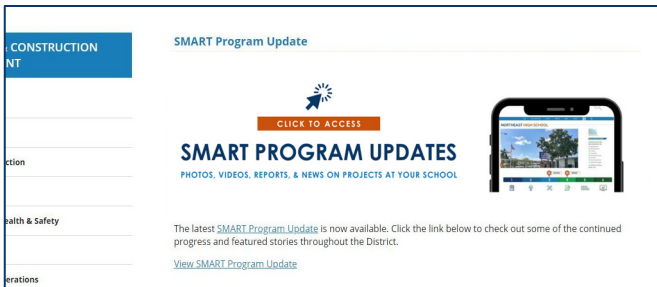

SMART WEBSITE PROMOTION STRATEGY

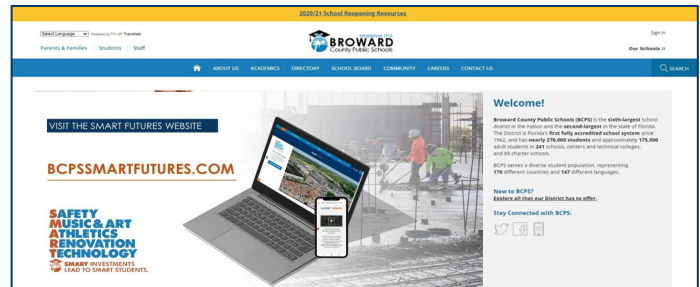

As previously stated, the SMART Futures website went live last quarter, although formal announcements publicizing the official launch were pushed back to avoid distracting attention from important information released concerning Covid-19 developments and the status of school's virtual learning policies. Additional efforts to promote the launch of the website will be made during the second half of the school year.

However, some strategies to bring attention to the website did move forward, including:

OTHER COMMUNICATIONS EFFORTS THIS QUARTER

REEL SMART FALL 2020 CONSTRUCTION HIGHLIGHTS

The latest construction highlight reel can be found on the SMART Program website. It captures countywide Primary Renovations projects, including roofing repairs, music/art room improvements, and media center renovations.

INTRODUCTION TO BCPSSMARTFUTURES.COM

A video explaining the message of the SMART Program and introducing the many features of the new website was published during the quarter. The video was posted on all SMART Futures social media platforms and can be found on the SMART Program website.

WEBSITE CONTENT & DATA UPDATES

The SMART Program website is updated regularly with the latest photos and videos captured at site visits, project status updates, reports, data, meeting recaps, featured stories, and more. Keeping the website up to date ensures that the public is receiving the most accurate information available.

COMMUNITY ENGAGEMENT

SMART Program Outreach Events vary in purpose and format but are unified in their aim to enhance community engagement, with program initiatives ranging from project updates to contractor procurement.

In the circumstances caused by the Covid-19 pandemic, active digital outreach is more important than ever, and the Communications team continues to utilize virtual meetings and presentations to keep the community informed.

10

OUTREACH EVENTS OCT 1, 2020 – DEC 31, 2020

CITY OF COCONUT CREEK EAB MEETING

The Communications team created an interactive presentation to provide the Coconut Creek community with an update on the construction status of the schools in their neighborhood.

DISTRICT 5 COMMUNITY MEETINGS

The Communications team produced six video presentations to aid with the virtual community meetings for the following schools: Larkdale Elementary, MLK Montessori Academy, Walker Elementary, Lauderdale Manors Early Learning and Resource Center, Boyd Anderson High, and Dillard 6-12.

BENNETT ELEMENTARY SCHOOL COMMUNITY MEETINGS

The Bennett Elementary School community survey was redistributed in October for additional engagement. The intent of the survey was to gather feedback from the school's community on how to best improve the learning environment.

PARKWAY MIDDLE SCHOOL COMMUNITY MEETING

A timeline for the demolition of unused buildings and the renovation of newer buildings on the Parkway Middle School campus was shared with the school community at a City of Lauderhill Town Hall discussion.

SOCIAL MEDIA ANALYTICS

The Communications team has continued to publish content regularly on all SMART Futures social media platforms. Analytics on the following pages have been used to track target audience growth and measures the types of content the various groups respond best to.

KEY TERMS EXPLAINED

IMPRESSIONS

The number of times published content is displayed to users

ENGAGEMENTS

The number of times users engaged with the content during the reporting period

POST LINK CLICKS

The number of times users clicked on links from your posts during the reporting period

NET FOLLOWER GROWTH

The net number of followers gained during the period

ENGAGEMENT RATE

The number of times users engage with your posts as a percentage of impressions

NET PAGE LIKES

The number of new users who liked the page minus the ones who unliked the page

BOARD APPROVAL ANNOUNCEMENTS

As a SMART Facilities Project progresses through Planning and Completion, principals are made aware of any new Board Approval Milestones along with relevant information regarding expectations and procedure.

26 BOARD APPROVAL ANNOUNCEMENTS SENT THIS QUARTER

School Board approves key processes of individual SMART projects, usually in the transition from one phase to the next.

School principals are notified by the Executive Director of the SMART Program, including congratulations and important information.

Board approval principal letters help schools understand the status of SMART projects.

LOOK AHEAD

Each quarter, the Communications team seeks new means and methods to keep the various stakeholders and school communities informed and engaged with the SMART Program. The following materials will be distributed in the forthcoming quarter.

PROJECT UPDATE MEETINGS

Virtual Project Update Meetings, previously known as Project Charter Meetings, will continue to be held to discuss school project objectives and schedules, set expectations for improvements, and answer any questions the school community may have.

‘NEWS’ SECTION ON SMART PROGRAM WEBSITE

The ‘News’ section, a new SMART Program website feature, will be introduced to the public next quarter. The page will house SMART-related stories, alerts, and the latest current events happening in the District.

SMART-AT-A-GLANCE

The latest countywide and district-specific SMART-at-a-Glance pamphlets will be published on the SMART Program website and distributed to the school community via ParentLink. The pamphlets highlight the latest activity happening in each District and provides updated statistics on the projects in each phase of the Program.
